

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bok Soon Oh  
DOCKET NO.: 12-31291.001-R-1  
PARCEL NO.: 13-36-331-009-0000

The parties of record before the Property Tax Appeal Board are Bok Soon Oh, the appellant, by attorney Stephanie Park, of Park & Longstreet, P.C. in Rolling Meadows; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$5,000  
**IMPR.:** \$24,086  
**TOTAL:** \$29,086

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story multi-family dwelling of masonry construction with 2,408 square feet of living area. The dwelling is 104 years old and has a full unfinished basement. The property has a 2,500 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 apartment building under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on July 17, 2009 for a price of \$233,500.

The appellant also submitted a grid analysis containing four comparable sales from the subject's neighborhood. The sales occurred from June 2009 to September 2011 for prices ranging from

\$179,000 to \$275,000 or from \$81.36 to \$118.87 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$19,592.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$29,086. The subject's assessment reflects a market value of \$290,860 or \$120.79 per square foot of living area, land included, when using the level of assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales from the subject's neighborhood. The sales occurred from July 2010 to September 2011 for prices ranging from \$385,000 to \$467,000 or from \$171.26 to \$192.98 per square foot of living area, including land

The appellant submitted a rebuttal brief critiquing the board of review's submission, arguing that the board of review's comparables are superior to the subject and requesting the appeal be written on the evidence in the record.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value in the record to be the appellant's comparable sale #2 and the board of review's comparable sales #3 and #4. These comparables were similar to the subject in location, style, exterior construction and features. These properties also sold more proximate in time to the assessment date at issue than did the subject. The comparables sold for a prices ranging from \$188,000 to \$460,000 or from \$82.53 to \$182.29 per square foot of living area, including land. The subject's assessment reflects a market value of \$290,860 or \$120.79 per square foot of living area land included, which is within the range of the best comparable sales in this record. The Board gave little weight to the subject's sale due to its occurrence greater than 29 months prior to the assessment date at issue. In addition, the appellant failed to disclose information as to the length of time the property was exposed on the open market. The appellant partially completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a Realtor and the property had been advertised on the open market with the Multiple Listing Service (MLS). However, the appellant failed to disclose the length of time the subject was marketed. The Board gave less weight to the parties' remaining comparable sales due to their sale dates occurring less proximate in time to the assessment date at issue and/or their significantly larger lot sizes, when compared to the subject. Based on this record the Board finds the subject's assessment is reflective of market value and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
