

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Wright Management, Inc.  
DOCKET NO.: 12-32054.001-C-1 through 12-32054.002-C-1  
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are Wright Management, Inc., the appellant(s), by attorney Herbert B. Rosenberg, of Schoenberg Finkel Newman & Rosenberg LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO	PARCEL NUMBER	LAND	IMPRVMT	TOTAL
12-32054.001-C-1	12-24-407-007-0000	62,015	51,678	\$113,693
12-32054.002-C-1	12-24-407-008-0000	62,015	29,292	\$ 91,307

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story commercial restaurant building, operating as a McDonald's, containing approximately 4,452 square feet of building area. It was built in 1980 and is situated on a 31,500 square foot site. It is located in Chicago, Jefferson Township, Cook County, and is classified as Class 5-17 property under the Cook County Real Property Classification Ordinance and assessed at 25% of fair market value.

The appellant contends overvaluation as the basis of the appeal. In support of the market value argument, the appellant submitted a summary appraisal authored by Audrey Davis and Nicholas Pellecchia, both of Urban Real Estate Research, Inc. Ms. Davis is an Illinois Certified General Real Estate Appraiser and holds an MAI designation, while Mr. Pellecchia is an Associate Real Estate Trainee Appraiser. Pellecchia personally inspected the interior and exterior of the subject property and indicated the subject has an estimated market value of \$820,000 as of January 1,

2012. The appraisal report utilized all three of the traditional approaches to value, that is the cost, income and sales comparison approaches, to estimate the market value for the subject property and finds the subject's highest and best use is its present use.

At hearing, the appellant's first witness, David Lennhoff, credibly testified as to the methodology in determining the fair market value of a fast-food restaurant. Mr. Lennhoff holds six designations from the Appraisal Institute, including the MAI designation. Mr. Lennhoff testified that the business value must be separated from the real estate in order to determine the market value of a special use property. He further testified that the best evidence, in terms of sales comparison, would be sales of second-generation sales.

On cross-examination, the board of review representative asked several general methodology questions.

As additional support, Davis and Pellechia credibly testified as to the methodology used in their written appraisal submission. In reconciling the three approaches to value, the appraisers gave the most weight to the sales comparison approach to value and arrived at a final estimate of value for the subject as of January 1, 2012 of \$820,000.

On cross-examination, the board of review representative questioned the adjustments to the comparables.

The board of review submitted its "Board of Review-Notes on Appeal" disclosing the total assessment for the subject of \$222,592. The subject's assessment reflects a market value of \$890,368, or \$199.99 per square foot, including land, when applying the assessment level of 25% as established by the Cook County Real Property Classification Ordinance. In support of the subject's assessment, the board of review submitted raw sales data for six retail/fast food properties. The sales data was collected from the CoStar Comps service, and the CoStar Comps sheets state that the research was licensed to the Cook County Assessor's Office. However, the board of review included a memorandum which states that the submission of these comparables is not intended to be an appraisal or an estimate of value, and should not be construed as such. The memorandum further states that the information provided was collected from various sources, and was assumed to be factual, accurate, and reliable; but that the information had not been verified, and that the board of review did not warrant its accuracy. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In written rebuttal, and subsequently at hearing, the appellant indicated that the board of review's sale comparables were unadjusted, therefore, the appellant's appraisal evidence should be considered the best evidence of the subject's market value.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or

construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appraisal submitted by the appellant. The subject's assessment reflects a market value above the best evidence of market value in the record. The Board finds the subject property had a market value of \$820,000 as of the assessment date at issue. Since the market value of this parcel has been established, the assessment level of 25% as established by the Cook County Real Property Assessment Classification Ordinance in effect for tax year 2012 shall apply. 86 Ill. Admin. Code § 1910.50(c)(3).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
