

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Valarie Price  
DOCKET NO.: 12-32226.001-R-1  
PARCEL NO.: 30-07-216-013-0000

The parties of record before the Property Tax Appeal Board are Valarie Price, the appellant(s), by attorney Daniel J. Farley, of the Law Offices of Terrence Kennedy Jr. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$1,500  
**IMPR.:** \$6,728  
**TOTAL:** \$8,228

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 5,000 square foot parcel of land improved with a 51-year old, one-story, masonry, single-family dwelling containing 1,260 square feet of living area. The property is located in Thornton Township, Cook County and is a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased in March 2010 for a price of \$55,000 or \$43.65 per square foot of living area. The appellant did not submit any evidence as to the occupancy of the subject. The appellant requests an assessment of 10% of the sale price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$8,228. The subject's assessment reflects a market value of

\$82,280 or \$65.30 per square foot of building area using the Cook County Real Property Assessment Classification Ordinance level of assessment for class 2 property of 10%.

In support of the assessment the board of review submitted a brief asserting that the subject property was a compulsory sale and not reflective of the market. To support this, the board of review included copies of printouts from the recorder of deeds office listing the lis pendens of the subject and a copy of the selling officer's deed. The board of review also included evidence on four sale comparables. These properties sold from May 2011 to December 2012 for prices ranging from \$69.47 to \$165.44 per square foot of building area. The board of review also listed a sale for the subject in February 2010 for \$26,626.

### **Conclusion of Law**

The Board first looks to the appellant's prior decision in 2011-31381.001-R-1. Section 16-185 of the Property Tax Code (35 ILCS 200/16-185) provides in part:

If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel on which a residence occupied by the owner is situated, such reduced assessment, subject to equalization, shall remain in effect for the remainder of the general assessment period as provided in Sections 9-215 through 9-225, unless that parcel is subsequently sold in an arm's length transaction establishing a fair cash value for the parcel that is different from the fair cash value on which the Board's assessment is based, or unless the decision of the Property Tax Appeal Board is reversed or modified upon review.

The Board finds it issued a decision reducing the subject's *2011* assessment and that 2011 and 2012 are within the same general assessment period. However, the Board finds that the appellant limited the evidence to the sale of the subject without submitting any documentation addressing the occupancy of the subject after the sale. Therefore, the Board finds that this section of the code does not apply in the instant appeal and the Board will address the appellant's argument and evidence independently of the 2011 decision.

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

In addressing the appellant's market value argument, the Board finds that the sale of the subject in March 2010 was a "compulsory sale." A "compulsory sale" is defined as

- (i) the sale of real estate for less than the amount owed to the mortgage lender or mortgagor, if the lender or mortgagor has agreed to the sale, commonly referred to as a "short sale" and
- (ii) the first sale of real estate owned by a financial institution as a result of a judgment of foreclosure, transfer pursuant to a deed in

lieu of foreclosure, or consent judgment, occurring after the foreclosure proceeding is complete.

35 ILCS 200/1-23. Real property in Illinois must be assessed at its fair cash value, which can only be estimated absent any compulsion on either party.

Illinois law requires that all real property be valued at its fair cash value, estimated at the price it would bring at a fair voluntary sale where the owner is ready, willing, and able to sell but not compelled to do so, and the buyer is likewise ready, willing, and able to buy, but is not forced to do so.

Board of Educ. of Meridian Community Unit School Dist. No. 223 v. Illinois Property Tax Appeal Board, 961 N.E.2d 794, 802, 356 Ill.Dec. 405, 413 (2d Dist. 2011) (citing Chrysler Corp. v. Illinois Property Tax Appeal Board, 69 Ill.App.3d 207, 211, 387 N.E.2d 351 (2d Dist. 1979)).

However, the Illinois General Assembly recently provided very clear guidance for the Board with regards to compulsory sales. Section 16-183 of the Illinois Property Tax Code states as follows:

The Property Tax Appeal Board shall consider compulsory sales of comparable properties for the purpose of revising and correcting assessments, including those compulsory sales of comparable properties submitted by the taxpayer.

35 ILCS 200/16-183. Therefore, the Board is statutorily required to consider compulsory sales of comparable properties. However, the Board finds that the mere assertion by the board of review that the subject's sale was not at market solely because it is a compulsory sale is accorded no weight without evidence supporting that assertion.

In the instant case, the Board looks to both the appellant's and the board of review's evidence of comparable sales. The Board finds that the board of review submitted four sale comparables while the appellant did not submit any comparables. The comparables sold from May 2011 to December 2012 for prices ranging from \$69.47 to \$165.44 per square foot of living area. In comparison, the subject sold in March 2010 for \$43.65 per square foot of living area which is below the established market. Therefore, the Board finds the subject's sale not reflective of the market. In contrast, the subject's assessment reflects a market value of \$65.30 per square foot of building area which is slightly below the range of the established market, but higher than the sale price. Therefore, the Board finds the appellant did not meet its burden and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
