

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Carmella Catizone  
DOCKET NO.: 12-32509.001-R-1  
PARCEL NO.: 17-28-427-017-0000

The parties of record before the Property Tax Appeal Board are Carmella Catizone, the appellant; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$ 7,500  
IMPR.: \$ 19,508  
TOTAL: \$ 27,008**

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is a 124 year-old, two-story dwelling of masonry construction containing 2,992 square feet of living area. Features of the home include a full unfinished basement. The property has a 2,500 square foot site and is located in South Chicago Township, Cook County. The property is a class 2-

11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequality and overvaluation as the bases of the appeal. In support of these arguments, the appellant submitted information on four suggested equity comparables with sales data included on two of them for sales that occurred in 1992 and 1996.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$27,008. The subject property has an improvement assessment of \$19,508, or \$6.52 per square foot of living area. The subject's assessment reflects a market value of \$278,720, or \$93.16 per square foot of living area including land, when applying the 2012 three-year median level of assessment for Class 2 property of 9.69% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparables.

#### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #3, and the board of review's comparables #1, #2 and #3. These comparables had improvement assessments that ranged from \$5.95 to \$7.12 per square foot of living area. The subject's improvement assessment of \$6.52 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and

convincing evidence that the subject's improvement was inequitably assessed and holds that a reduction in the subject's assessment is not justified.

The appellant also contends that the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the appellant did not submit "documentation of not fewer than three recent sales of suggested comparable properties together with documentation of the similarity, proximity and lack of distinguishing characteristics of the sales comparables to the subject property." 86 Ill.Admin.Code §1910.65(c)(4). The extent of the appellant's evidence is only two suggested sale comparables. Those two sales occurred at least 19 years ago and are, therefore, not recent.

Based on this evidence, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
