

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Adam Denny
DOCKET NO.: 12-32794.001-R-1
PARCEL NO.: 32-19-215-088-0000

The parties of record before the Property Tax Appeal Board are Adam Denny, the appellant(s), by attorney Peter D. Verros, of Verros, Lafakis & Berkshire, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 2,523
IMPR.: \$17,935
TOTAL: \$20,458

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject consists of a two-story, masonry, non-owner occupied, multi-family dwelling with four units and 4,880 square feet of living area. The property has an 8,413 square foot site, and is located in Chicago Heights, Bloom Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales. They are all located more than 19 miles away from the subject and contain between 4 and 15 units. Two of the suggested comparables are class 2 and the remaining two are class 3 properties.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$20,458. The subject's assessment reflects a market value of

\$204,580, or \$41.92 per square foot of living area, including land, when applying the assessment level of 10% as established by the Cook County Real Property Classification Ordinance.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value to be appellant's comparables. These comparables sold for prices ranging from \$24.00 to \$33.33 per square foot of living area, including land. The subject's assessment reflects a market value of \$41.92 per square foot of living area, including land, which is above the range established by the best comparables in this record. However, these properties are not similar to the subject in size, class, or location. After making adjustments for these factors, the Board finds that the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
