

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Fuentes
DOCKET NO.: 12-32966.001-R-1
PARCEL NO.: 13-04-103-027-0000

The parties of record before the Property Tax Appeal Board are Fuentes, the appellant, by attorney Arnold G. Siegel, of Siegel & Callahan, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,000
IMPR.: \$20,500
TOTAL: \$25,500

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story multi-family dwelling of masonry exterior construction with 4,500 square feet of living area. The dwelling is approximately 86 years old. Features of the building include a partial finished basement, central air conditioning and a two-car garage.¹ The property has a 5,000 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

¹ As an initial matter the parties report differences regarding the amount of basement finish, central air conditioning and the two-car garage, the Board finds the best evidence is contained within the appellant's January 2012 appraisal which indicated the appraiser inspected the subject property for the report.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal report. The appraisal estimates the subject property has a market value of \$255,000 as of January 1, 2012.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$48,989. The subject's assessment reflects a market value of \$489,890 or \$108.86 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales, which occurred from May 2010 to November 2011 for prices ranging from \$290,000 to \$360,000 or from \$107.24 to \$149.15 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Counsel for the appellant provided a written rebuttal critiquing the board of review's evidence or submission.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the January 2012 appraisal submitted by the appellant, estimating the subject property had a market value of \$255,000. In estimating the market value of the subject property the appraiser developed both the income approach to value and the sales comparison approach to value. The subject's assessment reflects a market value above the best evidence of market value in the record. The Board gave less weight to board of review's comparables #2, #3 and #4 due to their older sale dates and their distant location from the subject property. Furthermore, based on evidence from the appellant, comparable #2 was renovated and de converted into a single family residence. Additionally, the appellant submitted a copy of the listing for board of review comparable #4 describing the property as a two-flat rehab on an oversize lot. The Board also gave less weight to comparable #1 submitted by the board of review due to its smaller size and newer age when compared to the subject property. Based on this evidence the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
