

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Explore Chicagoland, LLC  
DOCKET NO.: 12-32967.001-R-1  
PARCEL NO.: 17-06-434-030-0000

The parties of record before the Property Tax Appeal Board are Explore Chicagoland, LLC, the appellant, by attorney David C. Dunkin, of Arnstein & Lehr, LLP in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$7,687  
**IMPR.:** \$31,513  
**TOTAL:** \$39,200

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 3,075 square foot site improved with a three-story and a two-story dwelling. The three-story dwelling consists of masonry construction with 3,300 square feet of living area. The dwelling is 117 years old. The two-story dwelling consists of frame exterior construction and contains 1,176 square feet of living area. This dwelling is 118 years old and features a full unfinished basement. The subject is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on June 29, 2011 for a price of \$392,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$55,317. The subject's assessment reflects a market value of \$553,170 or \$123.59 per square foot of living area, land included, when using assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales. The comparables sold from March 2009 to August 2010 for prices ranging from \$477,500 to \$730,000 or from \$308.46 to \$349.95 per square foot of living area, including land.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in June 2011 for a price of \$392,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant partially completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a Realtor, the property had been advertised on the open market with the Multiple Listing Service. In further support of the transaction the appellant submitted a copy of the settlement statement and a copy of the PTAX-203 Illinois Real Estate Transfer Declaration indicating the property was advertised for sale or sold using a real estate agent.. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. Less weight was given the board of review comparables because the dates of sale were too remote from the assessment date in question to be indicative of fair market values as of January 1, 2012. Based on this record the Board finds the subject property had a market value of \$392,000 as of January 1, 2012. Since market value has been determined the level of assessments for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10% shall apply. 86 Ill.Admin.Code §1910.50(c)(2)

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
