

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nader Hindo
DOCKET NO.: 12-33580.001-R-1
PARCEL NO.: 17-04-202-053-0000

The parties of record before the Property Tax Appeal Board are Nader Hindo, the appellant, by attorney John P. Brady, of Thomas M. Tully & Associates in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$16,575
IMPR.: \$73,966
TOTAL: \$90,541

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property contains two improvements. Improvement #1 is a 125 year-old, three-story building of masonry construction containing 2,988 square feet of living area. Features of Improvement #1 include a full unfinished basement. Improvement #2 is a 125 year-old, two-story building of frame and masonry construction containing 1,724 square feet of living area. Features of Improvement #2 include a slab foundation. The property has a 2,550 square foot site and is located in North Chicago Township, Cook County. The property is a Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables for only Improvement #1. The appellant requested a total assessment reduction to \$74,102.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$90,541. The subject property has an Improvement #1 assessment of \$49,239, or \$16.48 per square foot of living area. The subject property has an Improvement #2 assessment of \$24,727, or \$14.34 per square foot of living area. The board of review submitted four suggested equity comparables for each improvement.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity for Improvement #1 to be the appellant's comparable #4, and the board of review's comparables #1 and #2. These comparables had improvement assessments that ranged from \$17.64 to \$20.71 per square foot of living area. The subject's improvement assessment of \$16.48 per square foot of living area falls below the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was not inequitably assessed and holds that a reduction in the subject's assessment for Improvement #1 is not justified.

The Board finds the best evidence of assessment equity for Improvement #2 to be the board of review's comparables #1, #2 and #3. These comparables had improvement assessments that ranged from \$16.42 to \$20.46 per square foot of living area. The subject's improvement assessment of \$14.34 per square foot of living area falls below the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was not inequitably assessed and holds that a reduction in the subject's assessment for Improvement #2 is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
