

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brad Zamler  
DOCKET NO.: 12-34719.001-R-1  
PARCEL NO.: 31-36-319-009-0000

The parties of record before the Property Tax Appeal Board are Brad Zamler, the appellant(s), by attorney Abby L. Strauss, of Schiller Strauss & Lavin PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,095  
**IMPR.:** \$4,905  
**TOTAL:** \$7,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of an approximately 7,620 square foot parcel of land improved with a 59-year old, one-story, frame and masonry, single-family building containing 1,302 square feet of building area. The property is located in Rich Township, Cook County and is a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$70,000 as of January 1, 2009. The appraisal discloses that the subject is tenant occupied. The appellant requests an assessment based on the median level of assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$7,000. The subject's assessment reflects a market value of

\$72,239 using the Illinois Department of Revenue's 2012 three-year median level of assessment for class 2 property of 9.69%.

In support of the assessment the board of review submitted three equity comparables with sales information on one property.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds the valuation date of the appraisal submitted by the appellant and the raw sales data within the appraisal aged and too far removed from the lien date to accurately reflect the subject's market value as of January 1, 2012. Moreover, the Board finds the only recent sales data submitted into evidence is the one sale presented by the board of review which is insufficient to establish the market. Therefore the Board finds the appellant failed to show by a preponderance of the evidence that the subject is overvalued and a reduction is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
