

FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Mary Dwyer

DOCKET NO.: 13-00537.001-R-1

PARCEL NO.: 19-09-09-378-059-0000

The parties of record before the Property Tax Appeal Board are Mary Dwyer, the appellant, by William Blanchard of William B. Blanchard Attorney at Law, in Oakbrook, and the Will County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds <u>a reduction</u> in the assessment of the property as established by the **Will** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,986 **IMPR.:** \$50,778 **TOTAL:** \$52,764

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Kane County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story townhome of frame and brick exterior construction with 1,703 square feet of living area. The townhouse was constructed in 1993. Features of the townhome include central air conditioning, a fireplace and a 480 square foot garage. The property has a 1,992 square foot site and is located in Mokena, Frankfort Township, Will County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable townhome sales located within 1,000 feet of subject property. As supporting documentation, printouts entitled appellant provided copies of "Frankfort Township Property Information" for each of the comparable properties. The comparables consist of two-story townhomes of brick and frame exterior construction that were built in 1993. The townhomes contain either 1,703 or 1,752 square feet of living area and feature central air conditioning, a fireplace and a 480 square foot garage. The comparables sold between July 2012 and April 2013 for prices ranging from \$140,000 to \$172,900 or from \$79.91 to \$101.53 per square foot of living area, including land. 1

Based on this evidence, the appellant requested a total assessment of \$47,304 which would reflect a market value of approximately \$141,912 or \$83.33 per square foot of living area, including land.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$59,469. The subject's assessment reflects a market value of \$179,177 or \$105.21 per square foot of living area, land included, when using the 2013 three year average median level of assessment for Will County of 33.19% as determined by the Illinois Department of Revenue.

In response to the appeal, the board of review submitted a memorandum prepared by Joseph N. Kral, Frankfort Township Assessor, along with supporting documentation. Kral contended that the appellant presented a short sale and an REO/Lender owned sale as comparables.

In support of its contention of the correct assessment the board of review through the township assessor submitted information on twelve comparable sales where board of review comparables #7 was the same property and same sale as appellant's comparable #2. The comparables consist of townhomes of brick and frame construction that were built in 1993. The townhomes range in size from 1,534 to 1,798 square feet of living area and feature central air conditioning, a fireplace and a garage ranging in size from 288 to 600 square feet of building area. The

¹ Based upon the underlying documentation, the sale price of appellant's comparable #2 was actually \$172,900 or \$101.53 per square foot of living area, including land.

comparables sold from April 2010 to December 2012 for prices ranging from \$140,000 to \$210,000 or from \$83.99 to \$121.84 per square foot of living area, including land.

Based on this evidence and argument, the board of review requested confirmation of the subject's assessment.

In written rebuttal, counsel for the appellant requested that sales which occurred in 2010 and 2011 be excluded from consideration in the decision of the Property Tax Appeal Board. Counsel also argued that both short sales and "first sales after judicial sales" should be considered in the analysis so long as the properties otherwise meet the requirements of an arm's length transaction.

As part of the rebuttal analysis, counsel argued that the average per-square-foot sale price of the appellant's comparables was \$89.86 which, when applied to the subject, would assessment of approximately \$51,008. result in a total Similarly, counsel argued that excluding sales presented by the board of review that occurred in 2010 and 2011, the average persquare-foot sale price of the five most recent comparable sales is \$91.17 which, when applied to the subject, would result in a approximately \$51,756. assessment of appellant's counsel requested a total assessment for the subject property of \$51,000 based on the relevant comparable sales presented by the parties.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties presented a total of fifteen comparable sales to support their respective positions before the Property Tax Appeal Board with one common property presented by the parties.

As to the criticism by the assessor of appellant's comparables #1 and #4 as a short sale and an REO/Lender owned property, the

Property Tax Appeal Board finds Section 1-23 of the Code defines compulsory sale as:

"Compulsory sale" means (i) the sale of real estate for less than the amount owed to the mortgage lender or mortgagor, if the lender or mortgagor has agreed to the sale, commonly referred to as a "short sale" and (ii) the first sale of real estate owned by a financial institution as a result of a judgment of foreclosure, transfer pursuant to a deed in lieu of foreclosure, or consent judgment, occurring after the foreclosure proceeding is complete. 35 ILCS 200/1-23.

Furthermore, Section 16-183 of the Code provides that the Property Tax Appeal Board is to consider compulsory sales in determining the correct assessment of a property under appeal stating:

Compulsory sales. The Property Tax Appeal Board shall consider compulsory sales of comparable properties for the purpose of revising and correcting assessments, including those compulsory sales of comparable properties submitted by the taxpayer. 35 ILCS 200/16-183.

Therefore, based on these statutes, the Property Tax Appeal Board finds it is appropriate to consider short sale and REO/Lender owned properties in its analysis.

The Board has given reduced weight to board of review comparable sales #1, #2, #3, #4, #5, #6 and #9 as these sales occurred in 2010 and 2011, dates more remote in time to the valuation date at issue of January 1, 2013 and thus less likely to be indicative of the subject's estimated market value as of the assessment date.

The Board finds the best evidence of market value to be the appellant's comparable sales along with board of review comparable sales #7, #8 and #10 through #12, where comparable #7 was also the appellant's comparable #2. These eight comparables sold between February 2012 and April 2013 for prices ranging from \$140,000 to \$172,900 or from \$79.91 to \$101.53 per square foot of living area, including land. The subject's assessment reflects a market value of \$179,177 or \$105.21 per square foot of living area, including land, which is above the range established by the best comparable sales in this record.

Based on the foregoing analysis and evidence presented by both parties, the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.

DISSENTING:	

CERTIFICATION

As Clerk of the Illinois Property Tax Appeal Board and the keeper of the Records thereof, I do hereby certify that the foregoing is a true, full and complete Final Administrative Decision of the Illinois Property Tax Appeal Board issued this date in the above entitled appeal, now of record in this said office.

Date:	January 22, 2016
	Aportol
•	Clerk of the Property Tax Appeal Board

IMPORTANT NOTICE

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for the subsequent year directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
