

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Walter Corigliano  
DOCKET NO.: 13-00568.001-R-1  
PARCEL NO.: 16-06-302-008

The parties of record before the Property Tax Appeal Board are Walter Corigliano, the appellant, by attorney David Lavin of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$163,120  
**IMPR:** \$166,475  
**TOTAL:** \$329,595

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame construction with 3,960 square feet of living area. The dwelling was constructed in 1967. Features of the home include a full basement with finished area, central air conditioning, two fireplaces and an attached 750 square foot garage. The

property has a 58,806 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located in the subject's subdivision. The comparables consist of a 1.5-story and two, two-story dwellings of frame or brick construction. The homes were built between 1953 and 1967 and range in size from 3,796 to 4,104 square feet of living area. Each comparable has a basement, one of which includes finished area. The homes have central air conditioning, one to three fireplaces and a garage of either 552 or 575 square feet of building area. The comparables have improvement assessments ranging from \$102,514 to \$162,088 or from \$26.25 to \$39.50 per square foot of living area.

Based on this evidence, the appellant requested an improvement assessment of \$123,261 or \$31.13 per square foot of living area which the appellant contended was the average per-square-foot improvement assessment of the appellant's comparables.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$329,595. The subject property has an improvement assessment of \$166,475 or \$42.04 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within .26 of a mile of the subject property. The comparables consist of two-story brick dwellings that were built between 1966 and 1978. The homes range in size from 3,637 to 4,290 square feet of living area and feature basements, two of which have finished area, central air conditioning, two to four fireplaces and a garage ranging in size from 506 to 1,169 square feet of building area. The comparables have improvement assessments ranging from \$162,506 to \$174,194 or from \$40.60 to \$44.68 per square foot of living area.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

#### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code

§1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven equity comparables to support their respective positions before the Property Tax Appeal Board. The Board finds the comparables have varying degrees of similarity to the subject property. The comparables had improvement assessments that ranged from \$102,514 to \$174,194 or from \$26.25 to \$44.68 per square foot of living area. The subject's improvement assessment of \$166,475 or \$42.04 per square foot of living area falls within the range established by the comparables in this record. Giving due consideration to the subject's age, large area of basement finish and dwelling size, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. The requirement is satisfied if the intent is evident to adjust the taxation burden with a reasonable degree of uniformity and if such is the effect of the statute enacted by the General Assembly establishing the method of assessing real property in its general operation. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill. 2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity which appears to exist on the basis of the evidence. For the foregoing reasons, the Board finds that the appellant has not proven by clear and convincing evidence that the subject property is inequitably assessed. Therefore, the Property Tax Appeal Board finds that the subject's assessment as established by the board of review is correct and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.

Clerk of the Property Tax Appeal Board

**IMPORTANT NOTICE**

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for the subsequent year directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
