

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Elizabet & Gregory Hardin  
DOCKET NO.: 13-00591.001-R-1  
PARCEL NO.: 07-01-02-208-020-0000

The parties of record before the Property Tax Appeal Board are Elizabet & Gregory Hardin, the appellants, by Jerri K. Bush, Attorney at Law, in Chicago; and the Will County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Will County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$24,750  
**IMPR.:** \$63,204  
**TOTAL:** \$87,954

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellants timely filed the appeal from a decision of the Will County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story frame dwelling that has 2,270 square feet of living area. The dwelling was built in 1986. Features include an unfinished basement, central air conditioning, a fireplace and a three-car attached garage. The

subject property is located in Wheatland Township, Will County, Illinois.

The appellants submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of this argument, the appellants submitted information pertaining to the sale of the subject property. The appellants' appeal petition indicated the subject property sold in May 2012 for \$265,000. The appellant submitted the settlement statement and Multiple Listing Service (MLS) sheet associated with the sale of the subject property. The appeal petition depicts the subject property was listed for sale on the open market with a Realtor for 50 days and the parties to the transaction were not related. Based on this evidence, the appellants requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$103,860. The subject's assessment reflects an estimated market value of \$312,926 or \$137.85 per square foot of living area including land when applying the 2013 three-year average median level of assessment for Will County of 33.19%.

In support of the subject's assessment, the board of review submitted a letter addressing the appeal and six comparable sales. This evidence was prepared by the Wheatland Township Assessor's Office. The comparable sales had varying degrees of similarity when compared to the subject. The comparables sold from May 2012 to June 2013 for prices ranging from \$282,800 to \$372,500 or from \$123.96 to \$206.82 per square foot of living area including land.

The assessor argued the subject's sale was not an arm's-length transaction because the sale was distressed and recorded as a Trustee's Deed due to bankruptcy. Based on this evidence, the board of review requested confirmation of the subject's assessment.

#### **Conclusion of Law**

The appellants contend the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code

§1910.65(c). The Board finds the appellants met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value contained in this record is the sale of the subject property May 2012 for \$265,000. The Board finds the subject's sale meets the fundamental elements of an arm's-length transaction. The buyer and seller were not related; the subject property was exposed to the open market; and there is no direct evidence the parties to the transaction were under duress or compelled to buy or sell. The Illinois Supreme Court has defined fair cash value as what the property would bring at a voluntary sale where the owner is ready, willing, and able to sell but not compelled to do so, and the buyer is ready, willing and able to buy but not forced to do so. Springfield Marine Bank v. Property Tax Appeal Board, 44 Ill.2d. 428, (1970). A contemporaneous sale of two parties dealing at arm's-length is not only relevant to the question of fair cash value but is practically conclusive on the issue of whether an assessment is reflective of market value. Korzen v. Belt Railway Co. of Chicago, 37 Ill.2d 158 (1967). The subject's assessment reflects an estimated market value of \$312,926, which is considerably more than its recent sale price. The board of review did not present any credible evidence that would demonstrate the subject's sale was not an arm's-length transaction. The Board further finds the fact the subject sold using a Trustee's Deed fails to demonstrate the subject's sale was not an arm's-length transaction without any other corroborating evidence.

The Board further finds the comparable sales submitted by the board of review do not overcome the subject's arm's-length sale price as provided by the aforementioned controlling Illinois case law.

Based on this analysis, the Board finds the subject property is overvalued and a reduction in its assessment is justified. Since fair market value has been established, Will County's 2013 three-year average median level of assessment of 33.19% shall apply.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
