

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jose Jazo
DOCKET NO.: 13-00599.001-R-1
PARCEL NO.: 23-15-08-426-013-0000

The parties of record before the Property Tax Appeal Board are Jose Jazo, the appellant, by Jerri K. Bush, Attorney at Law, in Chicago; and the Will County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Will County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 4,573
IMPR.: \$ 8,039
TOTAL: \$12,612

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Will County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one and one-half story frame dwelling that has 1,398 square feet of living area. The dwelling was built in 1900. Features include an unfinished basement and a two-car detached garage. The subject dwelling is

situated on a 5,000 square foot site. The subject property is located in Crete Township, Will County, Illinois.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information pertaining to the sale of the subject property. The appellant's appeal petition indicated the subject property sold in February 2012 for \$38,000. The appellant submitted the settlement statement and Multiple Listing Service (MLS) sheet associated with the sale of the subject property. The evidence depicts the subject property was listed for sale on the open market with a Realtor; the parties to the transaction were not related; and the property sold in as-is condition with "some updating." The MLS listing history shows the subject had been listed for sale seven times since May 2007. The initial offering price was \$160,000, which had been incrementally reduced before the listing was canceled or expired. The final offering price was \$42,935 after being listed for sale on the open market for 299 consecutive days. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$21,807¹. The subject's assessment reflects an estimated market value of \$65,704 or \$47.00 per square foot of living area including land when applying the 2013 three-year average median level of assessment for Will County of 33.19%.

In support of the subject's assessment, the board of review submitted a letter addressing the appeal and four comparable sales. This evidence was prepared by the Crete Township Assessor's Office. The comparable sales had varying degrees of similarity when compared to the subject. The comparables sold from February 2010 to October 2010 for prices ranging from \$80,000 to \$165,000 or from \$52.39 to \$107.75 per square foot of living area including land.

The assessor argued the subject's sale is "invalid" because it was purchased from a financial institution. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

¹ The board of review notes on appeal depicts an incorrect assessment amount of \$23,703. The final decision issued by the board of review, as submitted by the appellant, shows a final assessment of \$21,807 for the 2013 tax year.

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value contained in this record is the sale of the subject property February 2012 for \$38,000. The Board finds the subject's sale meets the fundamental elements of an arm's-length transaction. The buyer and seller were not related; the subject property was exposed to the open market; and there is no direct evidence the parties to the transaction were under duress or compelled to buy or sell. The Illinois Supreme Court has defined fair cash value as what the property would bring at a voluntary sale where the owner is ready, willing, and able to sell but not compelled to do so, and the buyer is ready, willing and able to buy but not forced to do so. Springfield Marine Bank v. Property Tax Appeal Board, 44 Ill.2d. 428, (1970). A contemporaneous sale of two parties dealing at arm's-length is not only relevant to the question of fair cash value but is practically conclusive on the issue of whether an assessment is reflective of market value. Korzen v. Belt Railway Co. of Chicago, 37 Ill.2d 158 (1967). The subject's assessment reflects an estimated market value of \$65,704, which is considerably more than its recent sale price. The board of review did not present any credible evidence that would demonstrate the subject's sale was not an arm's-length transaction.

The Board further finds the comparable sales submitted by the board of review do not overcome the subject's arm's-length sale price as provided by the aforementioned controlling Illinois case law. Moreover, these comparables sold in 2010, which are dated and less reliable indicators of market value as of the subject's January 1, 2013 assessment date.

Based on this analysis, the Board finds the subject property is overvalued and a reduction in its assessment is justified. Since fair market value has been established, Will County's 2013 three year average median level of assessment of 33.19% shall apply.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
