

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rada Colakovic
DOCKET NO.: 13-00647.001-R-1
PARCEL NO.: 21-14-13-103-008-0000

The parties of record before the Property Tax Appeal Board are Rada Colakovic, the appellant,¹ and the Will County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the Will County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,500
IMPR.: \$2,233
TOTAL: \$3,733

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Will County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame construction with 918 square feet of living area. The dwelling was constructed in 1973. Features of the home include a concrete slab foundation and central air conditioning. The property has a .045 of an acre site and is located at 930 White Oak Lane, University Park, Monee Township, Will County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within .36 of a mile from the subject property. The comparables have varying degrees of similarity when compared to the subject.² The dwellings range in size from 865 to 1,016 square feet of living area. The properties sold from February 2012 to June 2013 for prices ranging from \$7,000 to \$11,000 or from \$8.09 to \$12.25 per square foot of living area, land included.

¹ Attorney Jerri K. Bush withdrew her appearance as counsel for the appellant by a filing dated March 21, 2016.

² The appellant did not disclose the exterior construction or site size for the comparables submitted.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$14,000. The subject's assessment reflects a market value of \$42,181 or \$45.95 per square foot of living area, land included, when using the 2013 three year average median level of assessment for Will County of 33.19% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within one mile from the subject property. The comparables range in size from 918 to 1,632 square feet of living area. The comparables have varying degrees of similarity when compared to the subject. The properties sold from April 2010 to December 2011 for prices ranging from \$27,000 to \$69,000 or from \$29.41 to \$42.57 per square foot of living area, land included.

Former counsel filed rebuttal arguing, in part, that board of review sales occurred in 2010 and 2011, whereas the appellant's sales were closer in time to the January 1, 2013 assessment date.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight comparable sales to support their respective positions before the Property Tax Appeal Board. The Board gave little weight to the board of review comparables. These comparables sold from April 2010 to December 2011, which is less indicative of fair market value as of the subject's January 1, 2013 assessment date, also comparables #2 and #3 are a two-story design when compared to the subject's one-story design. The Board finds the best evidence of market value to be the appellant's comparable sales. These most similar comparables sold from February 2012 to June 2013 for prices ranging from \$7,000 to \$11,000 or from \$8.09 to \$12.25 per square foot of living area, including land. The subject's assessment reflects a market value of \$42,181 or \$45.95 per square foot of living area, including land, which is above the range established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
