

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sally Hong
DOCKET NO.: 13-01026.001-R-1
PARCEL NO.: 07-18-205-024

The parties of record before the Property Tax Appeal Board are Sally Hong, the appellant, by attorney Timothy E. Moran of Schmidt Salzman & Moran, Ltd., in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 17,732
IMPR.: \$ 64,856
TOTAL: \$ 82,588

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story frame dwelling that contains 2,372 square feet of living area. The dwelling was built in 1995. Features include a finished basement, central air conditioning, a fireplace and a 462 square foot garage. The

subject property has a 9,583 square foot site. The subject property is located in Warren Township, Lake County, Illinois.

The appellant submitted evidence before the Property Tax Appeal Board claiming the subject's assessment was not reflective of market value. In support of this argument, the appellant submitted limited information on three suggested comparable sales. The comparables are located in the subject's neighborhood code as defined by the assessor, but their proximate location to the subject was not disclosed. The comparables had varying degrees of similarity when compared to the subject in land area, design, age, size, and features. They sold from September 2010 to April 2012 for prices ranging from \$220,000 to \$240,000 or from \$82.92 to \$89.19 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject property's final assessment of \$82,588 was disclosed. The subject's assessment reflects an estimated market value of \$248,460 or \$104.75 per square foot of living area including land when applying Lake County's 2013 three-year average median level of assessment of 33.24%. 86 Ill.Admin.Code §1910.50(c)(1).

In support of the subject's assessed value, the board of review submitted four comparable sales located in close proximity to the subject. The comparables had varying degrees of similarity when compared to the subject in land area, design, age, size, and features. They sold from June 2011 to August 2013 for prices ranging from \$253,500 to \$278,000 or from \$106.87 to \$127.54 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof.

The parties submitted seven suggested comparable sales for the Board's consideration. The Board gave less weight to the comparables submitted by the appellant. Comparables #2 and #3 sold in 2010 and 2011, which are dated and a less reliable indicators of market value as of the subject's January 1, 2013 assessment date. The appellant failed to disclose the foundation types or if the comparables had a garage, which further detracts from the weight of the evidence. The Board also gave less weight to comparable #3 submitted by the board of review due to its larger lot and comparable #4 due to its 2011 sale date. The Board finds comparables #1 and #2 submitted by the board of review were more similar to the subject in location, land area, design, age, size and features. They sold in June and August of 2013 for prices of \$253,500 and \$278,000 or \$106.87 and \$117.45 per square foot of living area including land. The subject's assessment reflects an estimated market value of \$248,460 or \$104.75 per square foot of living area including land, which is less than the most similar comparable sales contained in this record. Based on the preponderance of the most credible market value evidence contained in this record, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
