

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dennis Goeddeke  
DOCKET NO.: 13-01123.001-R-1  
PARCEL NO.: 10-16-402-033

The parties of record before the Property Tax Appeal Board are Dennis Goeddeke, the appellant, by attorney Andrew J. Rukavina, of The Tax Appeal Company in Mundelein; and the Lake County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 37,385  
**IMPR:** \$130,201  
**TOTAL:** \$167,586

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story frame dwelling with 3,574 square feet of living area that was built in 2001. Features include a finished basement, central air conditioning, a fireplace and a 688 square foot attached garage. The subject

property has a 14,375 square foot site. The subject property is located in Freemont Township, Lake County, Illinois.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis to the appeal. In support of this argument, the appellant submitted an appraisal of the subject property estimating a market value of \$485,000 as of January 1, 2013. The appraiser developed the sales comparison approach to value in arriving at the final opinion of value. The appraiser identified four suggested comparable sales that had varying degrees of similarity when compared to the subject. The comparables are located in close proximity to the subject. The comparables sold from August 2011 to June 2012 for prices ranging from \$495,555 to \$735,000 or from \$99.31 to \$177.41 per square foot of living area including land. After adjusting the comparables for differences to the subject, the appraiser concluded the subject property had a market value of \$485,000 or \$135.70 per square foot of living area including land. Based on this evidence, the appellant requested the subject's assessment be reduced to reflect the appraised value.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject property's final assessment of \$167,586 was disclosed. The subject's assessment reflects an estimated market value of \$504,170 or \$141.07 per square foot of living area including land when applying Lake County's 2013 three-year average median level of assessment of 33.24%. 86 Ill.Admin.Code §1910.50(c)(1).

In response to the appeal, the board of review argued appraisal comparable #3 sold "as is" and was a foreclosure sale. Additionally, the board of review questioned the adjustments amounts applied for condition and basement area.

In support of the subject's assessment, the board of review submitted four suggested comparable sales located in close proximity within the subject's subdivision. One comparable was used by the appellant's appraiser. The comparables had varying degrees of similarity when compared to the subject. They sold from March 2012 to July 2013 for prices ranging from \$660,000 to \$735,000 or from \$160.58 to \$198.35 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

**Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof.

The Board finds the best evidence of market value contained in this record is comparable sale #1 contained in the appellant's appraisal and the comparables submitted by the board of review. One comparable was common to both parties. These comparables are located in close proximity and were similar to the subject in land area, design, age, and most features; however, three comparables are somewhat larger in dwelling size when compared to the subject. These comparables sold from March 2012 to July 2013 for prices ranging from \$660,000 to \$735,000 or from \$160.58 to \$198.35 per square foot of living area including land. The most similar comparable in terms of land area and dwelling sold for \$720,000 or \$198.35 per square foot of living area including land. The subject's assessment reflects an estimated market value of \$504,170 or \$141.07 per square foot of living area including land, which falls below the range established by the most similar comparable sales contained in the record. Therefore, no reduction in the subject's assessment is justified.

The Board gave less weight to the appraisal submitted by the appellant. Comparables #2 and #3 sold in 2011, which are dated and less reliable indicators of market value as of the subject's January 1, 2013 assessment date. The Board finds comparables #3 and #4 are considerably larger in dwelling size than the subject. Furthermore, comparable #3 sold "as is" through foreclosure and its sale price does not appear to mimic market conditions due to its overall low sale price in relation to all other comparable sales contained in this record. Finally, the Board finds the large adjustment amounts applied to the comparables for condition and finished basement area are suspect and are not supported by any credible market value evidence. All of these factors undermine the credibility of the value conclusion as determined by the appellant's appraiser.

In conclusion, the Board finds the appellant failed to demonstrate the subject property was overvalued by a

preponderance of the evidence. Therefore, no reduction in the subject's assessment is warranted.

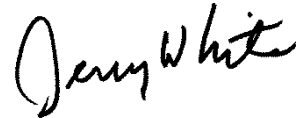

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.

**IMPORTANT NOTICE**

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for the subsequent year directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
