

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Frederic Mendelsohn
DOCKET NO.: 13-01207.001-R-1
PARCEL NO.: 13-21-107-018

The parties of record before the Property Tax Appeal Board are Frederic Mendelsohn, the appellant, by attorney Abby L. Strauss of Schiller Klein, PC, in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$44,301
IMPR: \$128,371
TOTAL: \$172,672

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story frame dwelling that was built in 2003. The dwelling contains 3,650 square feet of living area. Features include a full unfinished basement,

central air conditioning, a fireplace and a 704 square foot attached garage. The subject property is located in Cuba Township, Lake County, Illinois.

The appellant submitted evidence before the Property Tax Appeal Board claiming assessment inequity as the basis of the appeal. The subject's land assessment was not challenged. In support of the inequity claim, the appellant submitted photographs and an analysis of three comparables located in close proximity to the subject. The comparables had varying degrees of similarity when compared to the subject in design, size, age, and features. The comparables had improvement assessments ranging from \$114,541 to \$116,710 or from \$30.52 to \$32.75 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$172,672 was disclosed. The subject property has an improvement assessment of \$128,371 or \$35.17 per square foot of living area.

In support of the subject's assessment, the board of review submitted an analysis of three suggested comparables located in close proximity to the subject. The comparables had varying degrees of similarity when compared to the subject in design, size, age, and features. The comparables had improvement assessments ranging from \$128,124 to \$129,365 or from \$35.10 to \$35.44 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted descriptions and assessment data for six suggested assessment comparables for the Board's consideration. The Board finds both parties' comparables were generally similar when compared to the subject in location, design, age, size and most features. They had improvement assessments ranging from \$114,541 to \$129,365 or from \$30.52 to \$35.44 per square foot of living area. The subject property has an improvement assessment of \$128,371 or \$35.17 per square foot of living area, which falls within the range established by the most similar assessment comparables contained in this record. Therefore, no reduction in the subject's improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
