

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: J & J Property Investments, LLC  
DOCKET NO.: 13-01461.001-R-1  
PARCEL NO.: 06-16-325-008

The parties of record before the Property Tax Appeal Board are J & J Property Investments, LLC, the appellant; and the Lake County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Lake County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 4,940  
**IMPR.:** \$ 14,528  
**TOTAL:** \$ 19,468

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of frame construction with 975 square feet of living area. The dwelling was constructed in 1972. Features of the home include a full unfinished basement. The property has a 5,000 square foot site and is located in Round Lake Beach, Avon Township, Lake County.

The appellant contends assessment inequity and overvaluation as the bases of the appeal. In support of these arguments the appellant submitted information on nine comparables for both the overvaluation argument and the inequity argument. The comparables sold from May 2011 to October 2013 for prices ranging from \$27,103 to \$48,000 or from \$29.72 to \$49.23 per square foot

of living area, including land. The comparables had improvement assessments ranging from \$7,392 to \$26,955 or from \$8.11 to \$28.58 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$20,693. The subject property has an improvement assessment of \$15,733 or \$16.16 per square foot of living area. The subject's assessment reflects a market value of \$62,253 or \$63.85 per square foot of living area, including land using the 2013 average three year median level of assessments for Lake County of 33.24% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparables. The comparables sold from August 2012 to March 2013 for prices ranging from \$58,180 to \$89,000 or from \$14.82 to \$28.82 per square foot of living area, including land. They had improvement assessments ranging from \$14,451 to \$28,102 or from \$14.82 to \$28.82 per square foot of living area.

The appellant filed rebuttal evidence arguing various discrepancies in the board of review's comparables when compared to the subject.

#### **Conclusion of Law**

The appellant argued in part, overvaluation as a basis of the appeal. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill.App.3d 179, 183, 728 N.E.2<sup>nd</sup> 1256 (2<sup>nd</sup> Dist. 2000).

The Board finds the best comparable sales in this record are board of review comparable #4 and appellant's comparables #1-#3, #5 and #9. These five sales sold from March 2013 to July 2013 for prices ranging from \$37,000 to \$58,180 or from \$39.18 to \$59.67 per square foot of living area, including land. The subject's assessment reflects a market value of \$62,253 or \$63.85 per square foot of living area, including land using the 2013 average three year median level of assessments for Lake County of 33.24% as determined by the Illinois Department of Revenue. The Board finds the subject's assessment reflects a market value that is above the range established by the best comparable sales in this record on both a total sale price and on a per square foot basis. After considering adjustments and the differences in both parties' suggested market value comparables when compared to the subject property, the Board finds the subject's assessment is not supported by the most comparable sales properties contained in this record and a reduction in the subject's assessment on this basis is warranted.

The appellant also argued assessment inequity as an alternative basis of the appeal. The Board finds after considering the reduction to the subject's assessment based on market value

Docket No: 13-01461.001-R-1

herein, a further reduction based on assessment inequity is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
