

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Edeva, LLC
DOCKET NO.: 13-01584.001-R-1
PARCEL NO.: 06-15-432-015

The parties of record before the Property Tax Appeal Board are Edeva, LLC, the appellant, by attorney Dennis M. Nolan of the Law Office of Dennis M. Nolan, P.C. in Bartlett; and the Kane County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Kane County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$7,696
IMPR: \$14,144
TOTAL: \$21,840**

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Kane County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame construction with 1,064 square feet of living area. The dwelling was constructed in 1953. Features of the property include a basement, central air conditioning and a garage with 240 square feet of building area. The property has a 6,600

square foot site and is located in Elgin, Elgin Township, Kane County.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on September 5, 2012 for a price of \$65,520. The appellant indicated the property was purchased from the Department of Housing and Urban Development (HUD) and the property was sold through a Realtor. The appellant also submitted a copy of the closing statement and a copy of PTAX-203 Illinois Real Estate Transfer Declaration associated with the sale. The transfer declaration indicated the property was advertised for sale and the seller was a financial institution or government agency. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$36,651. The subject's assessment reflects a market value of \$110,030 or \$103.41 per square foot of living area, land included, when using the 2013 three year average median level of assessment for Kane County of 33.31% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted evidence provided by the Elgin Township Assessor. The assessor noted the subject property sold in September 2012 for a price of \$65,520 as a foreclosure. The assessor further noted the subject property was revalued for the 2013 tax year from \$126,640 to \$109,964. Submitted with the assessor's comments was a copy of the Multiple Listing Service (MLS) listing sheet for the subject property indicating the property was listed on May 18, 2012 for a price of \$86,450 and a contract was entered on July 31, 2012, after being on the market for 75 days. The listing indicated the property sold "as is" and the property was "REO Lender Owned, Pre-Foreclosure."

In support of the assessment the assessor provided three comparable sales improved with one-story dwellings of frame construction that ranged in size from 950 to 1,136 square feet of living area. The comparables were constructed in 1953 and 1956. Each comparable had a finished basement and a garage with either 240 or 264 square feet of building area. These comparables sold from September 2011 to January 2013 for prices ranging from \$99,000 to \$132,000 or from \$104 to \$116 per square foot of living area, including land, rounded.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. Except in counties with more than 200,000 inhabitants that classify property, property is to be valued at 33 1/3% of fair cash value. (35 ILCS 200/9-145(a)). Fair cash value is defined in the Property Tax Code as "[t]he amount for which a property can be sold in the due course of business and trade, not under duress, between a willing buyer and a willing seller." (35 ILCS 200/1-50). The Supreme Court of Illinois has construed "fair cash value" to mean what the property would bring at a voluntary sale where the owner is ready, willing, and able to sell but not compelled to do so, and the buyer is ready, willing, and able to buy but not forced to do so. Springfield Marine Bank v. Property Tax Appeal Board, 44 Ill.2d 428 (1970). A contemporaneous sale between two parties dealing at arm's length is not only relevant to the question of fair cash value but practically conclusive on the issue on whether the assessment is reflective of market value. Korzen v. Belt Railway Co. of Chicago, 37 Ill.2d 158 (1967).

When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in September 2012 for a price of \$65,520. The appellant provided evidence demonstrating the sale had elements of an arm's length transaction. The appellant provided evidence disclosing the property was sold using a Realtor and the property had been advertised on the open market. In further support of the transaction the appellant submitted a copy of the settlement statement disclosing that a broker's commission was paid. The record also contained a copy of transfer declaration disclosing the property was advertised for sale. Furthermore, the record contained a copy of the MLS listing sheet provided by the board of review disclosing that the property had been on the market for 75 days prior to purchase and the property sold "as is" calling into question the condition of the property at the time of sale. The Board finds the purchase price is below the market value reflected by the

assessment. Although the board of review submitted comparable sales the Property Tax Appeal Board finds this evidence did not overcome the fact the property was purchased after being exposed on the open market. Based on this record the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
