

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nancy Kiesler
DOCKET NO.: 13-01764.001-R-1
PARCEL NO.: 15-07-212-002

The parties of record before the Property Tax Appeal Board are Nancy Kiesler, the appellant, by Jerri K. Bush, Attorney at Law, in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 25,665
IMPR.: \$ 94,908
TOTAL: \$ 120,573

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story frame dwelling that has 2,611 square feet of living area. The dwelling was constructed in 1991. Features include a finished basement, central air conditioning, a fireplace and a 420 square foot garage. The subject has a 12,302 square foot site. The subject property is located in Vernon Township, Lake County, Illinois.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of this argument, the appellant submitted a limited "Property Tax Analysis" of five comparable sales. The analysis was dated March 9, 2014. Neither the name nor the professional credentials of the person(s) who prepared the report was disclosed. The comparables are located in from .04 to .42 of a mile from the subject. The comparables had varying degrees of similarity when compared to the subject in design, dwelling size, age and features. The comparables sold from February 2012 to January 2013 for prices ranging from \$250,000 to \$325,000 or from \$104.34 to \$122.97 per square foot of living area including land. The analysis included "Property Equalization Values" (adjustments) to the comparables for sale date, land¹, age, square footage, basements, bath & fixtures, fireplaces and garages. Based on the Property Equalization Values, the analysis conveys a value estimate for the subject property of \$293,840 or a total assessment of \$97,937. No explanation pertaining to the calculation of the adjustment amounts was provided. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$120,573. The subject's assessment reflects an estimated market value of \$362,735 or \$138.93 per square foot of living area including land when applying the 2013 three-year average median level of assessment for Lake County of 33.24%. In support of the subject's assessment, the board of review submitted an analysis of four comparable sales and a letter addressing the appeal.

The comparable sales submitted by the board of review are located from .22 to .53 of a mile from the subject. The comparables had varying degrees of similarity when compared to the subject in land area, design, dwelling size, age and features. The comparables sold from October 2012 to December 2013 for prices ranging from \$390,000 to \$425,000 or from \$145.63 to \$180.77 per square foot of living area including land.

With respect to the evidence submitted by the appellant, the board of review argued that the adjustments in the appellant's grid should be given no weight because they lacked support and

¹ The appellant failed to disclose the land sizes for the subject and comparables.

there was no evidence they were applied by a qualified licensed individual such as a state licensed appraiser. The board of review also submitted evidence disclosing the subject property sold in May 2014 for \$430,000 or \$164.69 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant failed to meet this burden of proof.

The parties submitted nine comparable sales for the Board's consideration. The Board gave less weight to comparable #1 submitted by the appellant due to its unfinished basement and lack of a fireplace, inferior to the subject. The Board finds the remaining eight comparables were more similar when compared to the subject in location, age, size, design, and features. They sold for prices ranging from \$289,000 to \$425,000 or from \$112.07 to \$180.77 per square foot of living area including land. The subject's assessment reflects an estimated market value of \$362,735 or \$138.93 per square foot of living area including land, which falls within the ranges established by the most similar comparable sales contained in this record. In addition, the Board finds the fact the subject property sold for \$430,000 in May 2014 undermines the appellant's overvaluation argument and corresponding "Property Tax Analysis" and further suggests the subject property is under-assessed. Therefore, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
