

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Julie J. Saffar
DOCKET NO.: 13-01765.001-R-1
PARCEL NO.: 15-30-408-101

The parties of record before the Property Tax Appeal Board are Julie J. Saffar, the appellant, by Jerri K. Bush, Attorney at Law, in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 22,301
IMPR.: \$ 51,025
TOTAL: \$ 73,326

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story condominium unit that has 1,940 square feet of living area. The unit was constructed in 1978. The unit features a partial finished basement, central air conditioning, a fireplace and a 506 square

foot garage. The subject property is located in Vernon Township, Lake County, Illinois.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of this argument, the appellant submitted a limited "Property Tax Analysis" of three comparable sales. The analysis was dated March 5, 2014. Neither the name nor the professional credentials of the person(s) who prepared the report was disclosed. The comparables are located from .03 to .22 of a mile from the subject property. The comparables had varying degrees of similarity when compared to the subject in dwelling size, age and features. The comparables sold from January 2012 to May 2013 for prices ranging from \$138,000 to \$192,000 or from \$71.43 to \$99.38 per square foot of living area including land. The analysis included "Property Equalization Values" (adjustments) to the comparables for sale date, age, square footage and bath & fixtures. Based on the Property Equalization Values, the analysis conveys a value estimate for the subject property of \$180,336 or a total assessment of \$60,106. No explanation pertaining to the calculation of the adjustment amounts was provided. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$73,326. The subject's assessment reflects an estimated market value of \$220,596 or \$113.71 per square foot of living area including land when applying the 2013 three-year average median level of assessment for Lake County of 33.24%. In support of the subject's assessment, the board of review submitted an analysis of four comparable sales and a letter addressing the appeal.

The comparable sales submitted by the board of review are located from .03 to .25 of a mile from the subject property. The comparables had varying degrees of similarity when compared to the subject in dwelling size, age and features. The comparables sold from August 2011 to July 2013 for prices ranging from \$207,000 to \$235,000 or from \$107.14 to \$121.64 per square foot of living area including land.

With respect to the evidence submitted by the appellant, the board of review argued that the adjustments in the appellant's grid should be given no weight because they lacked support and there was no evidence they were applied by a qualified individual such as a state licensed appraiser.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant failed to meet this burden of proof.

The parties submitted seven comparable sales for the Board's consideration. The Board gave less weight to comparable #1 submitted by the appellant. The Board finds this sale to be an outlier due to the fact it sold for considerably less than all the other comparable sales contained in this record even though it was similar to the subject and comparables in most physical characteristics. The Board also gave less weight to comparable #3 submitted by the board of review because it sold in 2011, which is dated and a less reliable indicator of market value as of the subject's January 1, 2013 assessment date. The Board finds the remaining five comparables were more similar when compared to the subject in location, age, size, design and most features. They sold for prices ranging from \$185,100 to \$235,000 or from \$95.81 to \$121.64 per square foot of living area including land. The subject's assessment reflects an estimated market value of \$220,596 or \$113.71 per square foot of living area including land, which falls within the range established by the most similar comparable sales contained in the record. Therefore, no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
