

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Krystyna Hall
DOCKET NO.: 13-01920.001-R-1
PARCEL NO.: 09-34-202-018

The parties of record before the Property Tax Appeal Board are Krystyna Hall, the appellant, by attorney Edward C. Abderholden of Abderholden Law Offices, PC, in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Lake County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 25,942
IMPR.: \$ 80,454
TOTAL: \$ 106,396

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story frame dwelling that has 2,299 square feet of living area. The dwelling was constructed in 1997. The dwelling features a full finished basement, central air conditioning, two fireplaces, and a 752 square foot garage. The subject property has a 12,011 square foot site. The subject property is located in Wauconda Township, Lake County, Illinois.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In

support of this argument, the appellant submitted three comparable sales located from 1.05 to 2.56 miles from the subject. The comparables had varying degrees of similarity when compared to the subject in land area, dwelling size, age and features. The comparables sold from November 2011 to December 2012 for prices ranging from \$152,000 to \$206,000 or from \$87.80 to \$120.33 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$106,396. The subject's assessment reflects an estimated market value of \$320,084 or \$139.23 per square foot of living area including land when applying the 2013 three-year average median level of assessment for Lake County of 33.24%. In support of the subject's assessment, the board of review submitted an analysis of four comparable sales and a letter addressing the appeal.

The comparable sales are located from .18 of a mile to 1.71 miles from the subject. The comparables had varying degrees of similarity when compared to the subject in land area, dwelling size, age and features. The comparables sold from July 2013 to May 2014 for prices ranging from \$185,000 to \$336,000 or from \$120.68 to \$168.02 per square foot of living area including land.

With respect to the evidence submitted by the appellant, the board of review argued comparables #1 and #2 lack basements, have less bathrooms, and were bank owned foreclosures. Additionally, comparable #1 is located in excess of 2.5 miles from the subject.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof.

The parties submitted seven comparable sales for the Board's consideration. The Board gave less weight to the comparables submitted by the appellant. Comparable #1 does not have basement and is located over 2.5 miles from the subject. Moreover, this property sold in 2011, which is dated and less indicative of market value as of the subject's January 1, 2013 assessment date. Comparable #2 does not have basement and is smaller in dwelling size than the subject. Comparable #3 is ten years older and smaller in dwelling size when compared to the subject. The Board gave less weight to comparables #1 and #3 submitted by the board of review. Comparable #1 sold in May 2014, well past the subject's January 1, 2013 assessment date. Comparable #3 is smaller in dwelling size when compared to the subject. The Board

finds comparables #2 and #4 submitted by the board of review are more similar when compared to the subject in location, design, dwelling size, age and features. They sold for prices of \$302,000 and \$336,000 or \$133.57 and \$154.06 per square foot of living area including land. The subject's assessment reflects an estimated market value of \$320,084 or \$139.23 per square foot of living area including land, which is supported by the most similar comparable sales contained in this record. Therefore, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
