

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jack Gore
DOCKET NO.: 13-02023.001-R-1
PARCEL NO.: 15-35-202-003

The parties of record before the Property Tax Appeal Board are Jack Gore, the appellant, by attorney Richard J. Caldarazzo of Mar Cal Law, P.C., in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$129,703
IMPR.: \$197,330
TOTAL: \$327,033

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story brick dwelling that has 5,807 square feet of living area. The dwelling was constructed in 1977. Features include an unfinished basement, central air conditioning, two fireplaces, an 800 square foot swimming pool and two attached garages that each contain 1,568 square feet of building area. The subject property is located in Vernon Township, Lake County, Illinois.

The appellant submitted evidence before the Property Tax Appeal Board claiming assessment inequity as the basis of the appeal. In support of the inequity claim, the appellant submitted information on three assessment comparables located within 1.74 miles from the subject property. The comparables consist of two-story dwellings of brick or frame exterior construction that were built from 1976 to 1980. Features had varying degrees of similarity when compared to the subject. The dwellings range in size from 5,025 to 5,772 square feet of living area and have

improvement assessments ranging from \$136,665 to \$177,802 or from \$26.12 to \$30.80 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$327,033. The subject property has an improvement assessment of \$197,330 or \$33.98 per square foot of living area. In support of the subject's assessment, the board of review submitted an equity analysis of four comparables located within 1.93 miles from the subject property. The comparables are improved with two-story dwellings of brick, stucco or frame construction that were built from 1961 to 1980. Features had varying degrees of similarity when compared to the subject. The dwellings range in size from 5,599 to 6,312 square feet of living area and have improvement assessments ranging from \$185,167 to \$234,310 or from \$33.07 to \$37.12 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant failed to meet this burden of proof and no reduction in the subject's assessment is warranted.

The record contains seven assessment comparables for the Board's consideration. The Board gave less weight to the comparables submitted by the appellant because they lack basements, inferior to the subject. The Board finds the comparables submitted by the board of review were most similar when compared to the subject in location, design, age, dwelling size and features. These comparables have improvement assessments ranging from \$185,167 to \$234,310 or from \$33.07 to \$37.12 per square foot of living area. The subject property has an improvement assessment of \$197,330 or \$33.98 per square foot of living area, which falls within the range established by the most similar assessment comparables contained in the record. After considering adjustments to the comparables for any differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Therefore, no reduction in the subject's improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
