

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mary Kay
DOCKET NO.: 13-02192.001-R-1
PARCEL NO.: 06-09-108-012

The parties of record before the Property Tax Appeal Board are Mary Kay, the appellant, by attorney Timothy Johnston of Roach, Johnston & Thut, in Libertyville; and the Lake County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Lake County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 11,689
IMPR.: \$ 48,913
TOTAL: \$ 60,602

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story frame dwelling that has 2,188 square feet of living area. The dwelling was constructed in 1995. The property features an unfinished basement, central air conditioning, a fireplace and a 380 square foot attached garage. The subject property has a 9,148 square foot site. The subject property is located in Lake Villa Township, Lake County, Illinois.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In

support of this argument, the appellant submitted six comparable sales located from .09 to .82 of a mile from the subject. The comparables consist of part one-story and part two-story or two-story style frame dwellings that were built from 1993 to 1995. The dwellings range in size from 1,970 to 2,198 square feet of living area and are situated on sites that range in size from 7,841 to 10,890 square feet of land area. Features had varying degrees of similarity when compared to the subject. The comparables sold from July 2011 to June 2013 for prices ranging from \$130,000 to \$188,000 or from \$65.99 to \$83.53 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$60,602. The subject's assessment reflects an estimated market value of \$182,317 or \$83.33 per square foot of living area including land when applying the 2013 three-year average median level of assessment for Lake County of 33.24%. In support of the subject's assessment, the board of review submitted an analysis of four comparable sales and a letter addressing the appeal.

The comparable sales are located from .03 to .14 of a mile from the subject. The comparables consist of two-story frame dwellings that were built from 1993 to 1995. The dwellings range in size from 1,961 to 2,198 square feet of living area and are situated on sites that range in size from 7,405 to 10,454 square feet of land area. Features had varying degrees of similarity when compared to the subject. The comparables sold from June 2011 to January 2014 for prices ranging from \$180,000 to \$205,000 or from \$91.79 to \$93.91 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof.

The parties submitted 10 comparable sales for the Board's consideration. The Board gave less weight to comparables #1 and #2 submitted by the appellant and #1 and #2 submitted by the board of review. These properties sold in 2011 or 2014, which is less proximate in time in relation to the subject's January 1, 2013 to be considered reliable indicators of market value. The Board finds the remaining six comparables are more similar when compared to the subject in location, land area, design, dwelling size, age and features. They sold for prices ranging from \$130,000 to \$205,000 or from \$65.99 to \$93.27 per square foot of

living area including land. The subject's assessment reflects an estimated market value of \$182,317 or \$83.33 per square foot of living area including land, which falls within the range established by the most similar comparable sales contained in this record. After considering adjustments to the comparables for differences to the subject, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
