

FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Greenland Housing LLC DOCKET NO.: 13-02330.001-R-1 PARCEL NO.: 06-13-129-003

The parties of record before the Property Tax Appeal Board are Greenland Housing LLC, the appellant, by Jerri K. Bush, Attorney at Law, in Chicago, and the Kane County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds <u>a reduction</u> in the assessment of the property as established by the **Kane** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$6,828
IMPR.:	\$7,470
TOTAL:	\$14,298

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Kane County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a part one-story and part twostory dwelling of frame construction with 1,656 square feet of living area. The dwelling was constructed in 1900. Features of the home include a full basement, central air conditioning and a detached 216 square foot. The property has an 8,580 square foot site and is located in Elgin, Elgin Township, Kane County. The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on January 19, 2012 for a price of \$42,899. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a Realtor, the property had been advertised on the open market with the Multiple Listing Service and it had been on the market for 204 In further support of the transaction the appellant davs. submitted a copy of the Settlement Statement reiterating the purchase price and date; a copy of the Multiple Listing Service data sheet depicting the property was sold as-is and was a bank REO/Lender owned, Pre-foreclosure; and a copy of the Listing & Property History Report depicting the original listing date of May 17, 2011 with an asking price of \$94,000 with subsequent price reductions to a final asking price of \$45,900 as of November 30, 2011. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$36,663. The subject's assessment reflects a market value of \$110,066 or \$66.46 per square foot of living area, land included, when using the 2013 three year average median level of assessment for Kane County of 33.31% as determined by the Illinois Department of Revenue.

In response to the appeal, the board of review submitted a statement from the Elgin Township Assessor's Office asserting the subject property was purchased in January 2012 as a foreclosure in as-is condition with cash.

In support of its contention of the correct assessment the board of review through the township assessor submitted information on four comparable sales that were improved with two, two-story dwellings and two, part one-story and part two-story dwellings that ranged in size from 1,412 to 1,839 square feet of living area. The dwellings were constructed between 1900 and 1925. Each comparable had a basement, one of which has finished area. Each comparable has a garage ranging in size from 192 to 360 square feet of building area. The comparables sold from May 2012 to October 2012 for prices ranging from \$105,000 to \$172,000 or from \$73 to \$104 per square foot of living area, including land, rounded. Based on this evidence and argument, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. Except in counties with more than 200,000 inhabitants that classify property, property is to be valued at 33 1/3% of fair cash Fair cash value is defined in value. (35 ILCS 200/9-145(a)). the Property Tax Code as "[t]he amount for which a property can be sold in the due course of business and trade, not under duress, between a willing buyer and a willing seller." (35 ILCS 200/1-50). The Supreme Court of Illinois has construed "fair cash value" to mean what the property would bring at a voluntary sale where the owner is ready, willing, and able to sell but not compelled to do so, and the buyer is ready, willing, and able to buy but not forced to do so. Springfield Marine Bank v. Property Tax Appeal Board, 44 Ill.2d 428 (1970). Α contemporaneous sale between two parties dealing at arm's length is not only relevant to the question of fair cash value but practically conclusive on the issue on whether the assessment is reflective of market value. Korzen v. Belt Railway Co. of Chicago, 37 Ill.2d 158 (1967). Furthermore, the sale of a property during the tax year in question is a relevant factor in considering the validity of the assessment. Rosewell v. 2626 Lakeview Limited Partnership, 120 Ill.App.3d 369, 375 (1st Dist. 1983).

When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in January 2012 for a price of \$42,899. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The evidence disclosed the parties to the transaction were not related, the property was sold using a Realtor and the property had been advertised on the open market for 204 days. In further support of the transaction the appellant submitted a copy of the MLS listing sheet for the subject property, a copy of the Settlement Statement and a copy of the Listing & Property History Report.

Docket No: 13-02330.001-R-1

Additionally, the board of review reported the subject's sale as a foreclosure sold in as-is condition for cash after having been on the market for 204 days as set forth in the grid analysis. The Property Tax Appeal Board further finds the purchase price of \$42,899 is below the market value reflected by the assessment of \$110,066.

The assessor noted the subject property sold as a foreclosure. Section 1-23 of the Code defines compulsory sale as:

"Compulsory sale" means (i) the sale of real estate for less than the amount owed to the mortgage lender or mortgagor, if the lender or mortgagor has agreed to the sale, commonly referred to as a "short sale" and (ii) the first sale of real estate owned by a financial institution as a result of a judgment of foreclosure, transfer pursuant to a deed in lieu of foreclosure, or consent judgment, occurring after the foreclosure proceeding is complete. 35 ILCS 200/1-23.

Section 16-183 of the Code provides that the Property Tax Appeal Board is to consider compulsory sales in determining the correct assessment of a property under appeal stating:

Compulsory sales. The Property Tax Appeal Board shall consider compulsory sales of comparable properties for the purpose of revising and correcting assessments, including those compulsory sales of comparable properties submitted by the taxpayer. 35 ILCS 200/16-183.

Based on these statutes, the Property Tax Appeal Board finds it instructive and appropriate to consider the sale of the subject property in revising and correcting the subject's assessment.

The board of review submitted information on four comparable sales with varying degrees of similarity to the subject property. The Property Tax Appeal Board finds these sales do not refute the appellant's evidence that the subject property sold after being exposed on the open market for 204 days in a transaction involving parties that were not related. Based on this record the Board finds the purchase price is the best indication of market value as of January 1, 2013, and reduction in the subject's assessment commensurate with the appellant's request is justified. This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
