

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Angelica Prado
DOCKET NO.: 13-02383.001-R-1
PARCEL NO.: 06-24-427-016

The parties of record before the Property Tax Appeal Board are Angelica Prado, the appellant, by Jerri K. Bush, Attorney at Law, in Chicago, and the Kane County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Kane County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$7,197
IMPR.: \$8,901
TOTAL: \$16,098**

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Kane County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling with finished attic of frame construction with 1,015 square feet of living area. The dwelling was constructed in 1930. Features of the home include a full basement with finished area, central air conditioning, a fireplace and a detached 396 square foot garage. The property has a 6,006 square foot site and is located in Elgin, Elgin Township, Kane County.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted evidence disclosing the subject property was purchased on May 16, 2013 for a price of \$48,300. The appellant partially completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a Realtor and the property had been advertised on the open market with the Multiple Listing Service. In further support of the transaction the appellant submitted a copy of the Settlement Statement reiterating the purchase price and date. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$29,447. The subject's assessment reflects a market value of \$88,403 or \$87.10 per square foot of living area, land included, when using the 2013 three year average median level of assessment for Kane County of 33.31% as determined by the Illinois Department of Revenue.

In response to the appeal and in support of its contention of the correct assessment, the board of review submitted a memorandum from Elgin Township along with supporting documents. In the memorandum, it was asserted that the subject sold in May 2013 for \$48,300 and was a short sale for cash. In their grid analysis, the board of review reported that the subject property was on the market for 4 days prior to the sale.

The assessor also submitted a spreadsheet with information on four comparable sales of dwellings with varying degrees of similarity to the subject. The comparables were reportedly on the market for 11 to 237 days prior to their sales that occurred between February 2011 and December 2011 for prices ranging from \$97,500 to \$112,900 or from \$87 to \$114 per square foot of living area, including land, rounded.

Based on this evidence and argument, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86

Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds this burden of proof has been met and a reduction in the subject's assessment is warranted.

Except in counties with more than 200,000 inhabitants that classify property, property is to be valued at 33 1/3% of fair cash value. (35 ILCS 200/9-145(a)). Fair cash value is defined in the Property Tax Code as "[t]he amount for which a property can be sold in the due course of business and trade, not under duress, between a willing buyer and a willing seller." (35 ILCS 200/1-50). The Supreme Court of Illinois has construed "fair cash value" to mean what the property would bring at a voluntary sale where the owner is ready, willing, and able to sell but not compelled to do so, and the buyer is ready, willing, and able to buy but not forced to do so. Springfield Marine Bank v. Property Tax Appeal Board, 44 Ill.2d 428 (1970). A contemporaneous sale between two parties dealing at arm's length is not only relevant to the question of fair cash value but practically conclusive on the issue on whether the assessment is reflective of market value. Korzen v. Belt Railway Co. of Chicago, 37 Ill.2d 158 (1967). Furthermore, the sale of a property during the tax year in question is a relevant factor in considering the validity of the assessment. Rosewell v. 2626 Lakeview Limited Partnership, 120 Ill.App.3d 369, 375 (1st Dist. 1983).

The Property Tax Appeal Board finds the best evidence of market value to be the purchase of the subject property in May 2013 for a price of \$48,300. The parties provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant reported the parties to the transaction were not related and the property was sold using a Realtor which assertions were not refuted by the board of review. In further support of the transaction the board of review reported that the property had been advertised on the open market for 4 days prior to its sale. The Property Tax Appeal Board further finds the purchase price of \$48,300 is less than the subject's estimated market value as reflected by its assessment of \$88,403.

The board of review submitted information on four comparable sales of dwellings with varying degrees of similarity to the subject property. The Property Tax Appeal Board finds the sales presented by the board of review do not refute the evidence in the record that the subject property sold after being exposed on the open market for 4 days in a transaction involving parties

that were not related. Based on this record the Board finds the purchase price in May 2013 is the best indication of market value as of January 1, 2013, and reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
