

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Zheng Chen
DOCKET NO.: 13-02566.001-R-1
PARCEL NO.: 15-27-227-003

The parties of record before the Property Tax Appeal Board are Zheng Chen, the appellant,¹ and the Kane County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Kane County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,792
IMPR.: \$11,706
TOTAL: \$13,498

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Kane County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story multi-family dwelling of frame construction with 2,084 square feet of living area. The dwelling was constructed in 1902 and contains two apartment units. Features of the building include a basement. The property is located in Aurora, Aurora Township, Kane County.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted evidence disclosing the subject property was purchased on November 5, 2012 for a price of \$40,500. The appellant completed Section IV - Recent Sale Data of the appeal petition disclosing the parties to the transaction

were not related, the property was sold using a Realtor, the property had been advertised on the open market with the Multiple Listing Service for 39 days. In further support of the transaction the appellant submitted a copy of the Settlement Statement reiterating the purchase price and date; a copy of the Multiple Listing Service data sheet depicting that the property was an REO/Lender Owned, Pre-Foreclosure with cash financing; and a copy of the Listing & Property History Report depicting a listing date of August 13, 2012 with an asking price of \$47,250 before being sold. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$28,030. The subject's assessment reflects a market value of \$84,149 or \$40.38 per square foot of living area, land included, when using the 2013 three year average median level of assessment for Kane County of 33.31% as determined by the Illinois Department of Revenue.

In response to the appeal and in support of its contention of the correct assessment, the board of review submitted a memorandum from Aurora Township along with supporting documents. In the memorandum, it was asserted that the subject was sold by a financial institution.

The assessor also submitted a grid with information on three comparable sales. The comparables consist of a two-story frame buildings that were built between 1904 and 1918. The comparables range in size from 1,848 to 2,080 square feet of building area and feature basements. Two of the comparables have central air conditioning and one has a fireplace. Each comparable has a garage ranging in size from 216 to 576 square feet of building area. These comparables sold from July 2010 to September 2011 for prices of \$90,000 or \$95,000 which is from \$45.32 to \$51.41 per square foot of living area, including land.

Based on this evidence and argument, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

Except in counties with more than 200,000 inhabitants that classify property, property is to be valued at 33 1/3% of fair

cash value. (35 ILCS 200/9-145(a)). Fair cash value is defined in the Property Tax Code as "[t]he amount for which a property can be sold in the due course of business and trade, not under duress, between a willing buyer and a willing seller." (35 ILCS 200/1-50). The Supreme Court of Illinois has construed "fair cash value" to mean what the property would bring at a voluntary sale where the owner is ready, willing, and able to sell but not compelled to do so, and the buyer is ready, willing, and able to buy but not forced to do so. Springfield Marine Bank v. Property Tax Appeal Board, 44 Ill.2d 428 (1970). A contemporaneous sale between two parties dealing at arm's length is not only relevant to the question of fair cash value but practically conclusive on the issue on whether the assessment is reflective of market value. Korzen v. Belt Railway Co. of Chicago, 37 Ill.2d 158 (1967).

The Property Tax Appeal Board finds the best evidence of market value to be the purchase of the subject property in November 2012 for a price of \$40,500. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The evidence disclosed the parties to the transaction were not related, the property was sold using a Realtor and there was no evidence of duress to buy or sell. In further support of the transaction the appellant submitted a copy of the Settlement Statement, a copy of the MLS listing sheet for the subject property which depicted that the property had been advertised on the open market for 39 days and a copy of the Listing & Property History Report. The Property Tax Appeal Board further finds the purchase price of \$40,500 is less than the subject's estimated market value as reflected by its assessment of \$84,149.

The board of review submitted information on three comparable sales. The Board finds the sales did not occur proximate in time to the valuation date at issue of January 1, 2013. Moreover, the Property Tax Appeal Board finds the sales presented by the board of review do not refute the appellant's evidence that the subject property sold after being exposed on the open market for 39 days in a transaction involving parties that were not related. Based on this record the Board finds the purchase price in November 2012 is the best indication of market value as of January 1, 2013, and reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
