

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Fouad Zubair
DOCKET NO.: 13-02585.001-R-1
PARCEL NO.: 06-01-476-010

The parties of record before the Property Tax Appeal Board are Fouad Zubair, the appellant,¹ and the Kane County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Kane** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,491
IMPR.: \$22,526
TOTAL: \$31,017

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Kane County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame construction with 1,034 square feet of living area. The dwelling was constructed in 1935. Features of the home include a partial basement with finished area and a detached 440 square foot garage. The property has a 6,850 square foot site and is located in Elgin, Elgin Township, Kane County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on six comparable sales located within a mile of the subject property. The comparables consist of one-story frame dwellings that range in size from 832 to 1,448 square feet of living area. Four of the comparables have unfinished basements and three of the comparable dwellings have central air conditioning. Four properties feature one-car garages. Attached to the appeal were Multiple Listing Service data sheets for the respective comparables revealing that comparables #1, #2 and #4 were sold "as-is" and the properties had marketing days

ranging from 9 to 353 days. These properties sold between January 2012 and December 2013 for prices ranging from \$20,100 to \$56,000 or from \$24.16 to \$46.63 per square foot of living area, including land.

Based on this evidence, the appellant requested a total assessment of \$14,332 which would reflect a market value of approximately \$42,996.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$31,017. The subject's assessment reflects a market value of \$93,116 or \$90.05 per square foot of living area, land included, when using the 2013 three year average median level of assessment for Kane County of 33.31% as determined by the Illinois Department of Revenue.

In response to the appeal, the board of review submitted a memorandum and data prepared by the Elgin Township Assessor's Office. The assessor contended that the appellant's comparable sales were foreclosures which sold "as-is" in 2012 and 2013 for cash with short marketing times. No documentation was submitted to support these assertions.

In support of its contention of the correct assessment the board of review through the township assessor submitted a spreadsheet with information on four comparable sales numbered 4, 5, 9 and 6, respectively. The comparables consist of one-story frame dwellings that were built between 1913 and 1954. The homes range in size from 952 to 1,140 square feet of living area. Each comparable has a full basement, three of which have finished areas. Each comparable has central air conditioning and one comparable has a fireplace. Each property has a detached garage ranging in size from 216 to 440 square feet of building area. Attached sheets from the Multiple Listing Service on comparables #5, #9 and #6 reflect marketing times ranging from 6 to 296 days. The properties sold between May 2010 and May 2013 for prices ranging from \$116,000 to \$134,000 or from \$117.54 to \$123.95 per square foot of living area, including land.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of ten comparable sales to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparables #3, #4 and #5 as these properties lack a basement and/or a garage which are both features of the subject dwelling. The Board has also given reduced weight to board of review comparables #4, #5 and #6 as these properties sold in 2010 or 2011, dates more remote in time to the valuation date at issue of January 1, 2013 and thus less likely to be indicative of the subject's estimated market value.

The Board finds the best evidence of market value to be appellant's comparable sales #1, #2 and #6 along with board of review comparable sale #9. These four most similar comparables range in size from 832 to 1,448 square feet of living area with basements and sold between January 2012 and May 2013 for prices ranging from \$20,100 to \$116,000 or from \$24.16 to \$118.25 per square foot of living area, including land. The subject's assessment reflects a market value of \$93,116 or \$90.05 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
