

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Pramod Zacharias
DOCKET NO.: 13-02872.001-R-1
PARCEL NO.: 08-13-205-014

The parties of record before the Property Tax Appeal Board are Pramod Zacharias, the appellant, by attorney David Lavin of Robert H. Rosenfeld and Associates, LLC, in Chicago; and the DuPage County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the DuPage County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$ 48,220
IMPR.: \$ 176,810
TOTAL: \$ 225,030**

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story brick and frame dwelling that contains 4,251 square feet of living area. The dwelling was built in 2005. Features include a finished basement, central air conditioning, three fireplaces and an 862

square foot attached garage. The subject property has a 15,000 square foot site. The subject property is located in Lisle Township, DuPage County, Illinois.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales. The comparables had varying degrees of similarity when compared to the subject in location, land area, design, age, size, and features. They sold from April to August of 2012 for prices ranging from \$575,000 to \$650,000 or from \$147.09 to \$150.33 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject property's final assessment of \$225,030 was disclosed. The subject's assessment reflects an estimated market value of \$675,360 or \$158.87 per square foot of living area including land when applying DuPage County's 2013 three-year average median level of assessment of 33.32%. 86 Ill.Admin.Code §1910.50(c)(1).

In support of the subject's assessment, the board of review submitted three comparable sales. The evidence was prepared by the York Township Assessor. Based on a map submitted, the comparables are located in close proximity to the subject. The comparables had varying degrees of similarity when compared to the subject in land area, design, age, size, and features. They sold from November 2012 to May 2013 for prices ranging from \$595,000 to \$823,000 or from \$129.93 to \$199.06 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof.

The parties submitted six suggested comparable sales for the Board's consideration. The Board gave less weight to comparables #1 and #3 submitted the board of review due to their larger or smaller dwelling size when compared to the subject. The Board finds the remaining four comparables are more similar when compared to the subject in location, land area, design, age, size and most features. These comparables sold from April 2012 to January 2013 for prices ranging from \$575,000 to \$823,000 or from \$147.09 to \$174.00 per square foot of living area including land. The subject's assessment reflects an estimated market value of \$675,360 or \$158.87 per square foot of living area including land, which falls within the range established by the most similar comparable sales contained in this record. Therefore, no reduction in the subject's assessment is warranted. Based on this analysis, the Board finds the appellant failed to demonstrate the subject property was overvalued by a preponderance of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
