

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ronak Lal  
DOCKET NO.: 13-03239.001-R-2  
PARCEL NO.: 06-33-202-016

The parties of record before the Property Tax Appeal Board are Ronak Lal, the appellant, by attorney Rishi Vohra of The Vohra Law Firm, P.C., in Chicago; and the DuPage County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 137,220  
**IMPR.:** \$ 366,190  
**TOTAL:** \$ 503,410

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a part one-story and part two-story frame and masonry dwelling that was built in 1990. The dwelling contains 5,894 square feet of living area. Features include a basement, central air conditioning and a four-car

attached garage. The subject property is located in York Township, DuPage County, Illinois.

The appellant submitted evidence before the Property Tax Appeal Board claiming assessment inequity as the basis of the appeal. The subject's land assessment was not challenged. In support of the inequity claim, the appellant submitted an analysis of five comparables located in the subject's neighborhood. The comparables had varying degrees of similarity when compared to the subject in design, size, age and features. The comparables had improvement assessments ranging from \$154,330 to \$249,770 or from \$33.20 to \$45.19 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$503,410 was disclosed. The subject property has an improvement assessment of \$366,190 or \$62.13 per square foot of living area.

In support of the subject's assessment, the board of review submitted an analysis of five comparables located in subject's neighborhood. The evidence was prepared by York Township Deputy Assessor Ronald Pajda. The comparables had varying degrees of similarity when compared to the subject in design, size, age and features. The comparables had improvement assessments that ranged from \$358,190 to \$419,370 or from \$65.12 to \$69.02 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

#### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted descriptions and assessment data for ten assessment comparables for the Board's consideration. The Board

gave less to appellant's comparables #1 and #5 due to their smaller dwelling size when compared to the subject. The Board gave less weight to comparable #5 submitted by the board of review due to its larger dwelling size when compared to the subject. The Board finds the remaining seven comparables were more similar when compared to the subject in location, design, size, age and most features. They had improvement assessments ranging from \$234,460 to \$419,370 or from \$39.67 to \$69.02 per square foot of living area. The subject property has an improvement assessment of \$366,190 or \$62.13 per square foot of living area, which falls within the range established by the most similar assessment comparables contained in this record. Therefore, no reduction in the subject's improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
