

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ryan & Jillian Molis  
DOCKET NO.: 13-04123.001-R-1  
PARCEL NO.: 09-10-412-005

The parties of record before the Property Tax Appeal Board are Ryan & Jillian Molis, the appellants, by attorney Richard J. Caldarazzo of Mar Cal Law, P.C., in Chicago; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 60,100  
**IMPR.:** \$291,480  
**TOTAL:** \$351,580

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellants timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a part two-story and part one-story dwelling of brick and frame exterior construction that has 4,201 square feet of living area. The dwelling was constructed in 2006. Features include a full finished basement, central air conditioning, four fireplaces and a 552 square foot attached garage. The subject property is located in Downers Grove Township, DuPage County, Illinois.

The appellants submitted evidence before the Property Tax Appeal Board claiming assessment inequity as the basis of the appeal. In support of the inequity claim, the appellants submitted limited information for three assessment comparables located in close proximity to the subject. The comparables consist of part two-story and part one-story dwellings of brick or brick and frame exterior construction that were built from 1997 to 2004. The comparables have basements and garages that contains from 550 to 687 square feet of building area. The dwellings range in

size from 3,658 to 4,395 square feet of living area and have improvement assessments ranging from \$188,940 to \$259,930 or from \$48.94 to \$63.74 per square foot of living area. Based on this evidence, the appellants requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$351,580. The subject property has an improvement assessment of \$291,480 or \$69.38 per square foot of living area. In support of the subject's assessment, the board of review submitted an equity analysis of three assessment comparables located in close proximity to the subject. The comparables are improved with part two-story and part one-story dwellings of brick or frame exterior construction that were built in 2005. The comparables have full basements that are 75% finished, central air conditioning, two or three fireplaces and attached garages that contains from 575 to 904 square feet of building area. The dwellings range in size from 4,241 to 4,271 square feet of living area and have improvement assessments ranging from \$301,200 to \$321,180 or from \$70.69 to \$75.20 per square foot of living area.

The board of review also submitted property record cards and a more detailed grid analysis of the comparables submitted by the appellants, which provided more detailed descriptive information that was omitted by the appellants. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants failed to meet this burden of proof and no reduction in the subject's assessment is warranted.

The record contains six assessment comparables for the Board's consideration. The Board gave less weight to the comparables submitted by the appellants. Comparable #1 is older in age than the subject and comparables #2 and #3 do not have finished basements, inferior to the subject. Additionally, comparable #3 is smaller in dwelling size when compared to the subject. The Board finds the comparables submitted by the board of review were more similar when compared to the subject in location, design, age, dwelling size and features. These comparables have improvement assessments ranging from \$301,200 to \$321,180 or from \$70.69 to \$75.20 per square foot of living area. The subject property has an improvement assessment of \$291,480 or \$69.38 per square foot of living area, which falls below the range established by the most similar assessment comparables contained in the record. After considering adjustments to the comparables for any differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Therefore, no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
