

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michele Pannarale
DOCKET NO.: 13-04536.001-R-1
PARCEL NO.: 02-02-315-070

The parties of record before the Property Tax Appeal Board are Michele Pannarale, the appellant, by attorney Katherine Amari O'Dell of Amari & Locallo, in Chicago; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 8,430
IMPR.: \$27,320
TOTAL: \$35,750

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story multi-family dwelling of "mixed" exterior construction that has 1,113 square feet of living area. The dwelling was constructed in 1986. Features include central air conditioning, a fireplace and a one-car detached garage. The dwelling has three rental units. The subject property is located in Addison Township, DuPage County, Illinois.

The appellant submitted evidence before the Property Tax Appeal Board claiming assessment inequity as the basis of the appeal. In support of the inequity claim, the appellant submitted information for five assessment comparables located in close proximity to the subject. The comparables consist of two-story multi-family dwellings of "mixed" exterior construction that were built from 1983 to 1985. Features had varying degrees of similarity when compared to the subject. The dwellings range in size from 1,230 to 1,575 square feet of living area and have

improvement assessments ranging from \$28,400 to \$35,580 or from \$20.06 to \$23.74 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$35,750. The subject property has an improvement assessment of \$27,320 or \$24.55 per square foot of living area. In support of the subject's assessment, the board of review submitted an equity analysis of five assessment comparables located in close proximity to the subject. The comparables are improved with two-story multi-family dwellings of "mixed" exterior construction that were built in 1985 or 1986. Features had varying degrees of similarity when compared to the subject. The dwellings each contain 1,113 square feet of living area and have an improvement assessment of \$38,110 or \$25.91 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant failed to meet this burden of proof and no reduction in the subject's assessment is warranted.

The record contains 10 assessment comparables for the Board's consideration. The Board gave less weight to the comparables submitted by the appellant. Four comparables are larger in dwelling size than the subject and none of the comparables have a basement, inferior to the subject. The Board finds the board of review's comparables are most similar if not identical when compared to the subject in location, design, age, dwelling size and features. These comparables each have an improvement assessment \$28,840 or \$25.91 per square foot of living area. The subject property has an improvement assessment of \$27,320 or \$24.55 per square foot of living area, which is less than the most similar assessment comparables contained in the record. Therefore, no reduction in the subject's improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
