

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gustavo Yanez
DOCKET NO.: 13-04728.001-R-1
PARCEL NO.: 15-21-453-003

The parties of record before the Property Tax Appeal Board are Gustavo Yanez, the appellant,¹ and the Kane County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Kane County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,682
IMPR.: \$7,669
TOTAL: \$10,351

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a favorable 2012 decision of the Property Tax Appeal Board pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185) in order to challenge the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a part two-story and part one-story dwelling of frame construction with 1,494 square feet of living area. The dwelling was constructed in 1900. Features of the home include a basement of 879 square feet. The property is located in Aurora, Aurora Township, Kane County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on eight comparable sales located from .12 to .77 of a mile from the subject. The comparables consist of part two-story and part

one-story frame dwellings that were built in 1900 or 1907. The homes range in size from 1,224 to 1,636 square feet of living area. Each has a basement ranging in size from 626 to 1,112 square feet of building area. One of the comparables has a fireplace and central air conditioning. Three of the comparables have a garage of either 280 or 480 square feet of building area. These properties sold between November 2011 and April 2013 for prices ranging from \$20,863 to \$39,900 or from \$13.86 to \$28.59 per square foot of living area, including land.

The analysis included Property Equalization Values (adjustments) to the comparables for sale date, land,² age, square footage, basement size, baths, fireplaces, air conditioning and/or garage. No evidence or explanation pertaining to the calculation of the adjustment amounts was provided. Based on the Property Equalization Values, the analysis conveys a value estimate for the subject property of \$27,267 or a total assessment of \$9,088. At the bottom of the analysis, data sources were listed as Assessor, County, MLS, Realist and Marshall & Swift.

Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$22,226. The subject's assessment reflects a market value of \$66,725 or \$44.66 per square foot of living area, land included, when using the 2013 three year average median level of assessment for Kane County of 33.31% as determined by the Illinois Department of Revenue.

In response to the appeal, the board of review acknowledged that the property was the subject matter of a decision of the Property Tax Appeal Board the prior year. In light of this, the board of review proposed to stipulate for 2013 based on the prior year's decision, subject to an equalization factor of 1.0316. Therefore, the board of review proposed a reduced land assessment of \$1,510 and a reduced improvement assessment of \$15,408 for a total assessment of \$16,918 reflecting the prior 2012 Property Tax Appeal Board decision of \$16,400 with an equalization factor of 1.0316.

The board of review presented no other evidence to support the assessment of the subject property.

The appellant was informed of the proposed assessment reduction and rejected the offer. The appellant requested that the matter be decided upon the evidence of record.

Conclusion of Law

As to the board of review's proposal to carry the subject's 2012 assessment determination by the Property Tax Appeal Board forward

² Lot size was not reported for any of the comparable properties.

to 2013, subject to an equalization factor of 1.0316, the Board finds that Section 16-185 of the Property Tax Code does not appear to be applicable to this property. (35 ILCS 200/16-185). There is nothing in the record to indicate that the subject property is an owner-occupied dwelling as required by the referenced provision of the Property Tax Code. Therefore, the Property Tax Appeal Board concludes that Section 16-185 regarding carrying the prior year assessment reduction forward, subject to equalization, does not appear to be applicable based on this record.

For this appeal, the appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The appellant submitted a total of eight comparable sales to support a reduction in the subject's assessment. The Board has given reduced weight to appellant's comparable sales #2, #4 and #5 which each have a garage that is not a feature of the subject property.

The Board finds the best evidence of market value in the record to be the remaining five appellant comparable sales. The comparables were built in 1900 or 1907, the homes range in size from 1,224 to 1,636 square feet of living area and each of the comparables has a basement ranging in size from 626 to 1,041 square feet of building area. These properties sold between November 2011 and April 2013 for prices ranging from \$20,863 to \$39,900 or from \$15.01 to \$28.59 per square foot of living area, including land. The subject's assessment reflects a market value of \$66,725 or \$44.66 per square foot of living area, including land, which is above the range established by the best comparable sales in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's assessment is not reflective of market value and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
