

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Land Trust 275 1000 0353
DOCKET NO.: 13-04967.001-R-1
PARCEL NO.: 30-07-05-212-008-0000

The parties of record before the Property Tax Appeal Board are Land Trust 275 1000 0353, the appellant, by Patrick A. Meszaros, of the Law Offices of Patrick A. Meszaros in Joliet, and the Will County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Will County Board of Review** is warranted. The correct assessed valuation of the property is:

LAND: \$5,895
IMPR.: \$22,647
TOTAL: \$28,542

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a 2012 tax year decision of the Property Tax Appeal Board pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185) in order to challenge the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story single-family dwelling of frame construction with approximately 1,072 square feet of living area.¹ The dwelling was constructed in 1950. Features of the home include a concrete slab foundation. The property has a 5,227 square foot site and is located in Joliet, Joliet Township, Will County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located from .13 to .51 of a mile from the subject. The comparables consist of a split-level and three one-story dwellings of frame or brick construction that range in size from 1,016 to 1,175 square feet of living area. Two of the

¹ The appellant reported the dwelling contains 1,134 square feet of living area, but provided no data to support that contention. Instead, the appellant provided copies of printouts from the Supervisor of Assessments and the township assessor which both reflected a dwelling size of 1,072 square feet of living area.

comparables have full basements and three have central air conditioning. Each of the comparables has a 200 or a 400 square foot garage. These properties sold between April and October 2012 for prices ranging from \$73,000 to \$95,000 or from \$69.93 to \$80.85 per square foot of living area, including land.

Based on this evidence, the appellant requested a total assessment of \$22,802 which would reflect a market value of approximately \$68,406 or \$63.81 per square foot of living area, including land.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$28,542. The subject's assessment reflects a market value of \$85,996 or \$80.22 per square foot of living area, land included, when using the 2013 three year average median level of assessment for Will County of 33.19% as determined by the Illinois Department of Revenue.

In rebuttal the board of review submitted a statement from James A. Brenczewski, Joliet Township Assessor, asserting that the appellant's comparable sales all occurred in 2012 and comparable #4 was a split-level dwelling.

In support of its contention of the correct assessment the board of review through the township assessor submitted information on four comparable sales of one-story frame or masonry dwellings located in the subject's subdivision. The comparables range in size from 810 to 1,176 square feet of living area. Two of the comparables feature full basements. Each comparable has central air conditioning and a garage ranging in size from 330 to 528 square feet of building area. The comparables sold between August 2013 and November 2013 for prices ranging from \$80,000 to \$120,000 or from \$98.77 to \$108.17 per square foot of living area, including land.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparable #4 which is a split-level dwelling rather than a one-story home like the subject. The Board has also given reduced weight to appellant's comparables #1 and #2 along with board of review comparables #3 and #4 as each of these dwellings feature a full basement which is not a feature of the subject dwelling that has a concrete slab foundation.

The Board finds the best evidence of market value to be appellant's comparable sale #2 along with board of review comparable sales #1 and #2. These three most similar comparables range

in size from 832 to 1,144 square feet of living area and lack basements. The properties sold between April 2012 and November 2013 for prices ranging from \$80,000 to \$100,000 or from \$69.93 to \$108.17 per square foot of living area, including land. The subject's assessment reflects a market value of \$85,996 or \$80.22 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. After considering adjustments and the differences in both parties' suggested comparables when compared to the subject property, the Board finds the subject's improvement assessment is supported by the most comparable properties and the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
