

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ishrat Merchant
DOCKET NO.: 13-20917.001-R-1
PARCEL NO.: 11-31-313-038-1001

The parties of record before the Property Tax Appeal Board are Ishrat Merchant, the appellant(s), by attorney David C. Dunkin, of Arnstein & Lehr, LLP in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,876
IMPR.: \$3,924
TOTAL: \$5,800

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject consists of a residential condominium unit located in a condominium building. The property is located in Rogers Park Township, Cook County. The subject is classified as a class 2-99 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted evidence showing that the subject sold on April 7, 2010 for \$58,000. The appellant completed Section IV – Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a Realtor, the property had been advertised on the open market and listed on the Multiple Listing Service. In further support of the transaction the appellant submitted a copy of the settlement statement, a copy of the property record card, copies of printouts from the Cook County Recorder of Deeds showing the special

warranty deed, and a copy of the Multiple Listing Service printout. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$11,779. The subject's assessment reflects a market value of \$117,790, including land, when applying the level of assessment for class 2 properties of 10.00% as determined by the Cook County classification ordinance. In support of its contention of the correct assessment, the board of review submitted evidence of two sales in the subject building, plus evidence of the sale of the subject. The sales occurred between 2005 and 2011. Based on this analysis, the board of review requested that the subject's assessment be confirmed.

In rebuttal, the appellant states that the board of review's evidence supports the appellant's appeal for a reduction.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in April 2010 for \$58,000. The appellant completed Section IV – Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a Realtor, the property had been advertised on the open market and listed on the Multiple Listing Service. In further support of the transaction the appellant submitted a copy of the settlement statement, a copy of the property record card, copies of printouts from the Cook County Recorder of Deeds showing the deed, and a copy of the Multiple Listing Service printout. Lastly, the board of review failed to provide any evidence to challenge the arm's length nature of the transaction.

Based on this record, the Board finds the subject property had a market value of \$58,000 as of the assessment date at issue. Since market value has been established the level of assessment for class 2 properties of 10.00% as determined by the Cook County classification ordinance shall apply.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
