

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John & Susan Ferguson  
DOCKET NO.: 13-21774.001-R-2  
PARCEL NO.: 05-27-111-011-0000

The parties of record before the Property Tax Appeal Board are John & Susan Ferguson, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 104,520  
**IMPR.:** \$ 236,488  
**TOTAL:** \$ 341,008

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one and one-half-story dwelling of masonry construction with 4,223 square feet of living area. The dwelling is 94 years old. Features of the home include a full basement, central air conditioning, three fireplaces and a three-car garage. The property has a 26,130 square foot site and is located in New Trier Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted

information on seven equity comparables. The appellant also submitted nineteen additional comparables. In addition, the appellant submitted a statement that there are no properties within the appellant's neighborhood that are the same style and age as the subject. The appellant's statement also describes various increases and decreases in the subject's and the comparables' assessments in relation to the prior year assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$341,008. The subject property has an improvement assessment of \$236,488 or \$56.00 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables.

### Conclusion of Law

The appellant argued that the subject's assessment should be reduced as its improvement assessment was increased from the prior year while the comparables' improvement assessments decreased in comparison with the prior year. The Board gives little merit to this argument. The Board finds this type of argument is not a persuasive indicator that demonstrates the subject property is inequitably assessed by clear and convincing evidence. The Board finds rising or falling assessments on a percentage basis do not indicate whether a property is equitably assessed. The Board finds assessors and boards of review are required by the Property Tax Code to revise and correct real property assessments, reflect market value, maintain uniformity of assessments, and be fair and just. This may result in properties having increased or decreased assessments of varying percentages.

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be appellant's comparables #1 and #3 (listed on the appellant's grid sheet) and the board of review's comparable #3. These comparables had improvement assessments that ranged from \$18.45 to \$76.84 per square foot of living area. The subject's improvement assessment of \$56.00 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate

Docket No: 13-21774.001-R-2

with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
