

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Frank Ruffolo
DOCKET NO.: 13-22218.001-R-1
PARCEL NO.: 01-23-404-002-0000

The parties of record before the Property Tax Appeal Board are Frank Ruffolo, the appellant(s), by attorney Joseph G. Kusper, of Storino Ramello & Durkin in Rosemont; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 11,689
IMPR.: \$ 88,618
TOTAL: \$100,307

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry construction with 6,008 square feet of living area. The dwelling is seven years old. Features of the home include a full basement, central air conditioning, one fireplace and a four-car garage. The property has a 77,929 square foot site and is located in Barrington Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted a brief outlining his arguments and information on four equity comparables with copies of the property characteristic cards from the Cook County Assessor's Office for each comparable.

The appellant also contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted a copy of a letter dated May 9, 2011 from First American Bank indicating that the subject's line of credit was closed due to the subject's decline in value to \$855,000.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$100,307. The subject property has an improvement assessment of \$88,618 or \$14.75 per square foot of living area. The subject's assessment reflects a market value of \$1,003,070 or \$166.95 per square foot of living area, including land, when applying the level of assessment for class 2 properties of 10.00% as determined by the Cook County classification ordinance.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables with sale information on comparable #1.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the board of review's comparables. These comparables had improvement assessments that ranged from \$18.24 to \$19.36 per square foot of living area. The subject's improvement assessment of \$14.75 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the appellant failed to provide sufficient evidence showing the subject is overvalued. A copy of a letter from First American Bank is not is not enough evidence to determine the subject is overvalued. The letter is not an appraisal and is merely an opinion of value by a bank manager in relation to a line of credit for the subject property. Therefore, the Board finds that the subject is not overvalued and a reduction is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
