

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Seed Properties, LLC
DOCKET NO.: 13-22221.001-R-1
PARCEL NO.: 24-19-115-006-0000

The parties of record before the Property Tax Appeal Board are Seed Properties, LLC, the appellant(s), by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 2,500
IMPR.: \$ 8,692
TOTAL: \$11,192

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story, single-family dwelling of masonry construction. The dwelling is approximately 64 years old. It has a 6,250 square foot site and is located in Worth Township, Cook County. It is classified as Class 2-03 property under the Cook County Real Property Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables. The appellant also indicated that the subject sold on August 15, 2011 for \$50,000, but provided no information or documentation regarding the sale.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$11,192. The subject's assessment reflects a market value of

\$111,920 when applying the assessment level of 10% as established by the Cook County Real Property Classification Ordinance. The subject property has an improvement assessment of \$8,692 or \$8.20 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables. The grid sheet also reflected the sale of the subject in August 2011 for \$50,000. The board of review also argued that the appellant's comparables are much larger in size than the subject property.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the appellant failed to complete *Section IV – Recent Sale Data* on the petition which describes the circumstances surrounding the sale. Additionally, the appellant failed to provide any closing documentation, such as a sales contract, real estate transfer declaration or settlement statement, which would provide evidence that the sale was an arm's-length transaction at market value. Accordingly, the appellant failed to prove by a preponderance of the evidence that the subject property was overvalued.

The taxpayer also contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the board of review's comparables #2, #3 and #4. These comparables had improvement assessments that ranged from \$9.92 to \$10.36 per square foot of living area. The subject's improvement assessment of \$8.20 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
