

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Faraz Mota  
DOCKET NO.: 13-22431.001-R-1  
PARCEL NO.: 08-15-402-025-1081

The parties of record before the Property Tax Appeal Board are Faraz Mota, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,384  
**IMPR.:** \$1,590  
**TOTAL:** \$3,974

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a single residential condominium unit with 1.160% ownership in the condominium. It is located in a 100 unit condominium association. It is 49 years old. The property has a 256,943 square foot site and is located in Elk Grove Township, Cook County. The subject is classified as a class 2-99 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$3,974. The subject's assessment reflects a market value of \$39,740, including land, when applying the 2013 level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted a print out of all the units in the subject condominium association with their corresponding assessments and percentages of ownership. The board also submitted a condominium sales analysis that used the sale of five condominium units in the subject association to extrapolate a market value for the subject association as a whole of \$3,426,130. When this amount is multiplied by the subject's percentage of ownership of 1.160%, the resulting market value of the subject is \$342,613.

In written rebuttal, the appellant stated the board of review did not submit recent sale comparables.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value to be the board of review's sales #3, #4, and #5 and the appellant's comparable #5. These sales ranged in price from \$30,000 to \$57,000. The subject's assessment reflects a market value of \$39,740 which is within the range of these comparables. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
