

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Moreno
DOCKET NO.: 13-22614.001-R-1
PARCEL NO.: 09-34-400-101-0000

The parties of record before the Property Tax Appeal Board are Michael Moreno, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 12,348
IMPR.: \$ 29,904
TOTAL: \$ 42,252

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject consists of a two-story dwelling of frame and masonry construction with 3,619 square feet of living area. The dwelling is 58 years old. Features of the home include two and two-half baths, two fireplaces, a full finished basement, and a tow and one-half car garage. The property has a 17,033 square foot site, and is located in Park Ridge, Maine Township, Cook

County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted evidence showing that the subject sold in July 2012 for \$420,000. This evidence included the settlement statement. Furthermore, the appellant's pleadings regarding Section IV- Recent Sale Data confirmed the closing date, sale price, the parties to the transaction were not related, the property was sold using a realtor, the property had been advertised on the open market, and was not subject to foreclosure proceedings. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$59,056. The subject's assessment reflects a market value of \$587,038 or \$162.21 per square foot of living area, including land, when applying the 2013 three year average median level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10.06% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review did not submit any information.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in July 2012 for \$420,000. The appellant provided evidence demonstrating the sale had the elements of arm's length transaction. The appellant completed Section IV- Recent Sale Data of the appeal disclosing that: the parties to the transaction were not related, the property was sold using a realtor, the property had been advertised on the

open market, and was not subject to foreclosure proceedings. In further support of the transaction, the appellant submitted a copy of the settlement statement.

The board of review failed to provide any evidence either to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of the market.

Based on this record, the Board finds the subject property had a market value of \$420,000 as of January 1, 2013 which. Since market value has been determined the 2013 three year average median level of assessments for class 2, residential property of 10.06% shall apply as determined by the Illinois Department of Revenue. 86 Ill.Admin.Code §1910.50(c)(2).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
