

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bonnie S. Canby  
DOCKET NO.: 13-22705.001-R-1  
PARCEL NO.: 01-01-216-027-0000

The parties of record before the Property Tax Appeal Board are Bonnie S. Canby, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 4,174  
**IMPR:** \$ 26,509  
**TOTAL:** \$ 30,683

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of frame construction. The dwelling was constructed in 1973. Features of the home include a full basement, central air conditioning, a fireplace and a two-car garage. The property has a 9,822 square

foot site and is located in Barrington Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal that indicates the subject contains 1,790 square feet of living area. The appraiser estimated the subject property had a market value of \$305,000 as of October 11, 2013.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$45,467. The subject's assessment reflects a market value of \$451,958 or \$252.49 per square foot of living area, including land, when applying the 2013 three year average median level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10.06% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales.

In written rebuttal, the appellant submitted a copy of the board of review's 2014 decision for the subject property that indicates the assessment was reduced from \$45,467 to \$38,549. The appellant stated that the subject's square footage of living area is overstated.

#### Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appraisal submitted by the appellant. The Board finds the subject property had a market value of \$305,000 as of the assessment date at issue. Since market value has been established the 2013 three year average median level of assessment for class 2 property under the Cook County Real

Docket No: 13-22705.001-R-1

Property Assessment Classification Ordinance of 10.06% shall apply. (86 Ill.Admin.Code §1910.50(c)(2)).
