

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Reder
DOCKET NO.: 13-23150.001-R-1
PARCEL NO.: 05-18-219-003-0000

The parties of record before the Property Tax Appeal Board are Robert Reder, the appellant(s), by attorney Joanne Elliott, of Elliott & Associates, P.C. in Des Plaines; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,600
IMPR.: \$87,465
TOTAL: \$98,065

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story, single-family dwelling of frame construction. The dwelling was constructed in 1997. Features of the home include a full finished basement, three and one-half baths, air conditioning, one fireplace, and a two car garage. The property has a 8,000 square foot site and is located in Winnetka, New Trier Township, Cook County.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables and sales data for three of the comparables.

In addition, the appellant contends that the subject contains 3,355 square feet of living area. In support, the appellant submitted a floor plan from an appraisal and an affidavit from the appellant attesting that the subject contains 3,355 square feet of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$98,065. The board of review's evidence states that the subject property contains 3,714 square feet of living area and has an improvement assessment of \$87,465 or \$23.55 per square foot of living area. In support of the assessment, the board of review submitted four equity comparables.

In rebuttal, the appellant's attorney distinguished the board of review's evidence based on size, age, and amenities. In addition, the appellant's attorney stated that the board of review's evidence included "raw/unconfirmed data" and sale comparables.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds that the subject contains 3,355 square feet of living area per the appellant's evidence which included a floorplan with the subject's dimensions. The subject has an improvement assessment of \$26.07 per square foot of living area based on the subject's size of 3,355 square feet of living area.

The Board finds the best evidence of assessment equity to be the appellant's comparables and the board of review's comparables #2, #3, and #4. These comparables had improvement assessments that ranged from \$20.42 to \$33.75 per square foot of living area. The subject's improvement assessment of \$26.07 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
