

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anna & Wiktor Kusper  
DOCKET NO.: 13-23205.001-R-1  
PARCEL NO.: 18-27-407-034-0000

The parties of record before the Property Tax Appeal Board are Anna & Wiktor Kusper, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 6,240  
**IMPR.:** \$ 9,856  
**TOTAL:** \$ 16,096

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject consists of a two-story dwelling of frame construction with 1,640 square feet of living area. The dwelling is 86 years old. Features of the home include a full unfinished basement and a three-car garage. The property has a 15,600 square foot site, and is located in Justice, Lyons Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables.

The appellant also contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$160,000 as of December 7, 2012. The appellant also submitted information on four comparable sales, which were also included within the appraisal. Furthermore, the appellant submitted evidence disclosing the subject property was purchased on January 9, 2013 for a price of \$65,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price. Moreover, the appellant submitted information on the cost to renovate a portion the subject dwelling. The appellant indicated that a portion of the dwelling was renovated in 2013 for a total cost of \$34,960.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$28,695. The subject property has an improvement assessment of \$22,455, or \$9.73 per square foot of living area. The subject's assessment reflects a market value of \$285,239, or \$173.93 per square foot of living area, including land, when applying the 2013 three year average median level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10.06% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables, and one sale comparable.

#### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appraisal submitted by the appellant. The construction costs

were given diminished weight, as the renovations were started after the relevant lien date of January 1, 2013. The subject's assessment reflects a market value above the best evidence of market value in the record. The Board finds the subject property had a market value of \$160,000 as of the assessment date at issue. Since market value has been established the 2013 three year average median level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10.06% as determined by the Illinois Department of Revenue shall apply. 86 Ill.Admin.Code §1910.50(c)(2). Since market value has been determined, the Board finds that the subject is now fairly and equitably assessed.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
