

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Eileen Pan  
DOCKET NO.: 13-23298.001-R-1  
PARCEL NO.: 02-19-320-017-0000

The parties of record before the Property Tax Appeal Board are Eileen Pan, the appellant, by attorney Julie Realmuto, Attorney at Law and Sheila Gallagher of Gallagher & Gupta, both in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,462  
**IMPR.:** \$24,762  
**TOTAL:** \$28,224

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 37-year old, two-story single-family dwelling of frame exterior construction and 1,965 square feet of living area. Features of the home include two bathrooms and a two-car garage. The property has a 6,595 square foot site and is located in Palatine Township, Cook County. The subject is classified as a class 2, residential property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. At hearing, the appellant's attorney Julie Realmuto sent attorney Sheila Gallagher to the hearing to represent the appellant.

In support of this argument, the appellant submitted limited information on four equity comparables. They are improved with a two-story, single-family dwelling with frame

construction and 1,909 square feet of living area. They ranged in age from 41 to 44 years and in improvement assessments from \$9.73 to \$10.44 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$28,224. The subject property has an improvement assessment of \$24,762 or \$12.60 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables, which are located either on the subject's block or within a two-block radius of the subject. They are improved with a two-story, single-family dwelling with frame construction. They ranged: in age from 36 to 37 years; in improvement size from 1,814 to 1,881 square feet of living area; and in improvement assessments from \$12.94 to \$13.69 per square foot of living area. Amenities include: a partial or full basement, two or three bathrooms, and a two-car garage.

At hearing, the parties' representatives rested on the written evidence submissions.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparable #1 as well as the board of review's comparables #1 and #2. These comparables had improvement assessments that ranged from \$9.73 to \$13.69 per square foot of living area. The subject's improvement assessment of \$12.60 per square foot of living area falls within the range established by the best comparables in this record. The Board finds that the remaining properties were accorded diminished weight due to the disparity in location, improvement age, size and/or amenities. Based on this record, the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
