

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Shutvet
DOCKET NO.: 13-23355.001-R-1
PARCEL NO.: 02-23-203-021-0000

The parties of record before the Property Tax Appeal Board are David Shutvet, the appellant(s), by attorney Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,402
IMPR.: \$22,077
TOTAL: \$25,479

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 62-year old, single-family dwelling of frame and masonry exterior construction. Features of the home include: two and one-half bathrooms, one fireplace, a full basement and a two-car garage. The property has a 11,340 square foot site and is located in Palatine Township, Cook County. The subject is classified as a class 2, residential property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's evidence raises two issues: inaccurate improvement data and assessment inequity as the bases of the appeal. As to the first issue, the appellant's grid analysis indicates that the subject's improvement is one and one-half stories with 1,751 square feet of living area without further elaboration.

In support of the equity argument, the appellant submitted limited information on four equity comparables. They are improved with a one-story, single-family dwelling with frame and masonry exterior construction. They ranged: in age from 56 to 65 years; in improvement size from 1,368 to 1,710 square feet of living area; and in improvement assessments from \$9.47 to \$10.60 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$25,479. The subject property has an improvement assessment of \$22,077 or \$9.86 per square foot of living area based upon 2,238 square feet of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables, all of which are located on the same block as is the subject or within the subject's subarea. They are improved with a two-story, single-family dwelling with frame and masonry exterior construction. They ranged: in age from 59 to 60 years; in improvement size from 2,004 to 2,925 square feet of living area; and in improvement assessments from \$12.91 to \$14.14 per square foot of living area. As to amenities, the properties include: two to three bathrooms and a garage area. In addition, two properties contain basement area.

The appellant did not submit any rebuttal evidence.

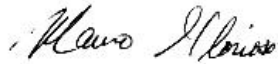

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

As to the issue of improvement data, the Board finds that the appellant failed to provide any documentary evidence or witness testimony to support any assertion that the improvement's style and size were incorrect. Therefore, the Board finds this argument by the appellant is unpersuasive and that the subject's improvement is a two-story building with 2,238 square feet of living area.

As to the equity issue, the Board finds the best evidence of assessment equity to be the *board of review's comparables #1 through #3*. These comparables had improvement assessments that ranged from \$12.91 to \$14.14 per square foot of living area. The subject's improvement assessment of \$9.86 per square foot of living area falls below the range established by the best comparables in this record. The Board finds that the remaining properties were accorded diminished weight due to the disparity in location, improvement age, size and/or amenities. Based on this record, the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
