

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Richard/ Pelletiere
DOCKET NO.: 13-24241.001-R-1
PARCEL NO.: 19-06-207-055-1033

The parties of record before the Property Tax Appeal Board are Richard/ Pelletiere, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 487
IMPR.: \$9,171
TOTAL: \$9,658

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two bedroom condominium unit with 1,200 square feet of living area. The property is located in Stickney Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three suggested comparable sales. The properties are identical to the subject in square footage, number of bedrooms, and

percentage of ownership. They were sold between 2013 and 2014 and range from \$58.34 to \$83.34 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$11,218. The subject's assessment reflects a market value of \$111,511 or \$92.93 per square foot of living area, when applying the 2013 three year median level of assessment for class 2 property of 10.06% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted an analysis estimating the market value based on the recent sale of four units within the subject building. The comparable units range from 2.46 to 2.52 percent of ownership and sold between 2010 and 2012. Based on those sales, the board of review's analysis estimated the market value of the subject building and then deducted a percentage for personal property. No evidence was submitted in support of the personal property deduction.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be appellant's comparable sales #1, #2, and #3. The Board finds the appellant's sales to be most relevant in when they occurred and the percentage of ownership. These comparables sold for prices ranging from \$58.34 to \$83.34 per square foot of living area. The subject's assessment reflects a market value of \$92.93 per square foot of living area, which is above the range established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
