

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kenneth Donner
DOCKET NO.: 13-24253.001-R-1
PARCEL NO.: 25-16-217-047-0000

The parties of record before the Property Tax Appeal Board are Kenneth Donner, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,406
IMPR.: \$ 294
TOTAL: \$1,700

Subject only to the State multiplier as applicable.

A Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject consists of a multi-level single-family dwelling of frame construction with 1,188 square feet of living area. The dwelling contains a partial basement. The property has a 3,125 square foot site, and is located in Lake Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. The appellant completed Section IV – Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a Realtor and as a foreclosure, and the property had been advertised on the open market on the Multiple Listing Service for 23 days. In further support of this argument, the appellant submitted evidence showing that the subject sold in January 2011 for \$17,000. This evidence included the settlement statement, a copy of the PTAX-203 Illinois Real Estate Transfer Declaration form, and a copy of the Multiple Listing Service printout. The

appellant also submitted sale and adjustment information on five comparable sales. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$7,776. The subject's assessment reflects a market value of \$77,760 or \$65.45 per square foot of living area, including land, when applying the level of assessment for class 2 properties of 10.00% as determined by the Cook County classification ordinance.

In support of its contention of the correct assessment, the board of review submitted three equity comparables with sale information for comparables #1, #2, #4, and the subject.

In rebuttal, the appellant argued that the board of review's comparables should be given no weight because they were based on raw, unadjusted data, and because they were dissimilar to the subject as to various key property characteristics. The appellant reaffirmed the request for an assessment reduction.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in January 2011 for \$17,000. The appellant completed Section IV – Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a Realtor and as a foreclosure, and the property had been advertised on the open market on the Multiple Listing Service for 23 days. The appellant provided evidence demonstrating the sale had the elements of arm's length transaction and in support of the transaction, the appellant submitted a copy of the settlement statement, a copy of the PTAX-203 Illinois Real Estate Transfer Declaration form, and a copy of the Multiple Listing Service printout. Lastly, the board of review failed to provide any evidence to challenge the arm's length nature of the transaction.

Based on this record, the Board finds the subject property had a market value of \$17,000 as of the assessment date at issue. Since market value has been established the level of assessment for class 2 properties of 10.00% as determined by the Cook County classification ordinance shall apply.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
