

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andy Bobrowski
DOCKET NO.: 13-25554.001-R-1
PARCEL NO.: 16-11-113-052-0000

The parties of record before the Property Tax Appeal Board are Andy Bobrowski, the appellant(s), by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 2,928
IMPR.: \$15,184
TOTAL: \$18,112

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story, multi-family dwelling of frame construction with 2,490 square feet of living area. The dwelling is 119 years old. The property has a 2,928 square foot site and is located in West Chicago Township, Cook County. It is classified as Class 2-11 property under the Cook County Real Property Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables. The appellant also argued that the subject was overvalued. The appellant indicated the subject was purchased from the Department of Housing and Urban Development for \$25,000 in January 2012 but failed to complete *Section IV-Recent Sale Data* of the appeal form. The appellant provided a warranty deed as evidence of this transaction but failed to disclose if the property was exposed to the open market using a realtor, and, if so, how long the property was advertised for sale.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$18,112. The subject property has an improvement assessment of \$15,184 or \$6.10 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables, one of which reflected sale data.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review. They were most similar to the subject in location, size and amenities. These comparables had improvement assessments that ranged from \$6.15 to \$6.36 per square foot of living area. The subject's improvement assessment of \$6.10 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The appellant also contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Illinois Supreme Court defined fair cash value as what the property would bring at a voluntary sale where the owner is ready, willing, and able to sell but not compelled to do so, and the buyer is ready, willing and able to buy but not forced to do so. Springfield Marine Bank v. Property Tax Appeal Board, 44 Ill.2d 428 (1970). In addition, Section 1-50 of the Property Tax Code defines fair cash value as:

The amount for which a property can be sold in the due course of business and trade, not under duress, between a willing buyer and a willing seller. (35 ILCS 200/1-50)

The Property Tax Appeal Board finds the subject's sale does not meet at least one of the fundamental requirements to be considered an arm's-length transaction reflective of fair cash value. The Board finds the preponderance of the evidence clearly shows the subject property was

not advertised or exposed for sale on the open market. Therefore, no weight was given to the subject's sale as the appellant failed to provide sufficient evidence that this was an arm's-length transaction at market value.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
