

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sergey Borozdin
DOCKET NO.: 13-26206.001-R-1
PARCEL NO.: 03-34-127-001-0000

The parties of record before the Property Tax Appeal Board are Sergey Borozdin, the appellant(s), by attorney Julie Realmuto, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 3,088
IMPR.: \$18,780
TOTAL: \$21,868

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject dwelling was constructed in 1951. The property has a 6,502 square foot site and is located in Wheeling Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The appellant lists the subject as a one story masonry with 941 square feet of living area without further support. In support of this argument the appellant submitted information on three equity comparables. The appellant's comparables range: in building size from 931 to 988 square feet of living area; in age from 87 to 88 years; and in improvement assessments from \$16.43 to \$17.02 per square foot of living area. The appellant asserted the subject's building size as 941 square feet of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$21,868. The subject property has an improvement assessment of \$18,780 or \$11.01 per square foot of living area when using 1,706 square feet of living area. The board of review lists the subject as a 1.5 story frame and masonry construction. In support of its contention of the correct assessment the board of review submitted information on four equity comparables. The board of review's comparables range: in building size from 1,227 to 1,631 square feet of living area; in age from 56 to 64 years; in location from 1/4 mile to the same block as the subject property; and in improvement assessments from \$14.08 to \$16.62 per square foot of living area. The board of review's evidence documents reflect a building size of 1,706 square feet of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of building characteristics and assessment equity to be the *board of review's evidence, specifically comparables #1, #3, and #4*. These comparables had improvement assessments that ranged from \$14.08 to \$16.62 per square foot of living area. The subject's improvement assessment of \$11.01 per square foot of living area falls *below* the range established by the best comparables in this record. Based on this record the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
