

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Hispanic Housing Development Corporation
DOCKET NO.: 13-27361.001-R-1
PARCEL NO.: 13-28-321-025-0000

The parties of record before the Property Tax Appeal Board are Hispanic Housing Development Corporation, the appellant(s), by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 3,720
IMPR.: \$10,480
TOTAL: \$14,200

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is an 87 year-old, two-story dwelling of masonry construction containing 2,100 square feet of living area. Features of the home include a full finished basement and a two-car garage. The property has a 3,720 square foot site and is located in Jefferson Township, Cook County. The subject is classified as a Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation and assessment inequity. In support of these arguments, the appellant submitted a settlement statement disclosing the subject property was purchased through a realtor on October 5, 2010 for a price of \$142,000 and five equity comparables. The appellant also submitted the Escrow Receipt and Disbursement Statement, and part of the real estate contract. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price when applying the 2013 level of assessment

of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$19,890. The subject property has an improvement assessment of \$16,170, or \$7.70 per square foot of living area. The subject's assessment reflects a market value of \$198,900, or \$94.71 per square foot of living area, when applying the 2013 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted information on three suggested comparable sales, with equity data on each.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property through a realtor in October 2010 for a price of \$142,000. The appellant provided evidence demonstrating the sale had the elements of an arm's-length transaction. The appellant submitted a copy of the sales contract and the settlement statement. The Board finds the board of review did not present any evidence to challenge the arm's-length nature of the transaction. Based on this record the Board finds the subject property had a market value of \$142,000 as of January 1, 2013 and that a reduction in the subject's assessment is justified. Since market value has been determined, the level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance shall apply. As a result, the Board finds the subject property is equitably assessed, thereby obviating the need to rule on the appellant's assessment inequity argument.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
